5<sup>th</sup> Floor, Suite 501  
National Bank Tower, 134 Kent Street  
Charlottetown PE C1A 7L1

Dear Mr. Rafuse:

**Re: Reply to Applications for Intervention, LA20014  
Prince Edward Island Energy Corporation v. Rural Municipality of Eastern Kings**

Please find enclosed two additional materials forming part of the respondent's record, which were unintentionally overlooked and therefore not included in the respondent's record filed with the Island Regulatory and Appeals Commission (the "Commission").

The respondent writes to respectfully ask the Commission if it will permit these two documents to be introduced as exhibits at the hearing of the above-noted appeal, for purposes only of establishing the timeline for which the materials were received by the respondent municipality.

If the Commission has any questions or concerns about the attached documents being introduced, please do not hesitate to contact me.

Yours truly,

**STEWART MCKELVEY**
