Date:

June 1, 2020

In accordance with Sections 9 and 15 of the Water and Sewerage Act, following is the Utility's application for a rate review.

1. Background information about the Utility (year established, description of system, current number of customers), and the overall reason(s) for the request for a rate change.

The Utility was established in the 1970s and currently services 250 customers inside and outside the boundaries of the former Town of Georgetown. Services offered include sewage disposal and treatment to all customers with billings completed on a triannual basis. Currently the system has 10,014 feet of frontage and 366.1 units.

Since the last IRAC application, there has been a significant number of upgrades to the Lagoon performed in two phases. Phase II included installation of a curtain wall in the lagoon dividing it to two cells, new outlet structure and a UV system. Phase III included securing the curtain wall, installation of a solar powered surface mixer and a Parshall Flume, level sensor and chamber.

The request for the rate change is to increase sewer rates to enable sufficient cash flow for sewer operational expenditures and necessary capital projects. Additionally, the utility requests the change of billing cycle from tri-annually to quarterly as of January 1, 2021.

yea	rs.		
	Type of Project/Expenditure	Utility's Expected Cost	Year
1.	West St. Lift station	451 958	2021

TOWN OF GEORGETOWN

BYLAW

SEWAGE COLLECTION & TREATMENT CORPORATION

A BYLAW TO ESTABLISH THE TOWN OF GEORGETOWN SEWAGE COLLECTION AND TREATMENT CORPORATION.

WHEREAS, The Council of the Town of Georgetown has, pursuant to section 30 (G) of the Municipalities Act R.S.P.E.I. 1988, Cap M-13, determine it will provide sewage collection and treatment services.

THEREFORE, Pursuant to Section 38.1 of Municipalities Act supra:

BE IT ENACTED by Council as follows:

- 1. This bylaw may be cited as the Town of Georgetown Sewage Collection and Treatment Utility Bylaw, Bylaw Number 1992-1.
- 2. In this bylaw:
 - (a) "Council" means the Council of the Town of Georgetown.
 - (b) "Corporation" means the Georgetown Sewage Collection and Treatment Corporation.
 - (c) "Customer" means a person, firm or corporation who or which requests or is supplied with sewage.
 - (d) "Director" means a director of the corporation and includes its chairperson.
 - (e) "Municipality" means the Municipality of the Town of Georgetown.
- 3. This bylaw applies to the establishment and operation of a sewage collection and treatment corporation for the Municipality.
- 4. (1) There is hereby established the Georgetown Sewage Collection and Treatment Corporation.
 - (2) One of the Directors shall be appointed by the Mayor as Chairperson of the Corporation.
 - (3) The Corporation shall be composed of a Board of Directors comprised of three or more members appointed from Council by the Mayor.
 - (4) The Directors of the Corporation shall have the terms of office the same as their Council term at the time of appointment, but may be removed at any time by the Mayor.
 - (5) The Directors of the Corporation may receive such renumeration as may be determined by Council.
 - (6) At meetings of the Corporation, two directors constitute a quorum over which the Chairperson of the Corporation, or in his absence, a Director designated by him shall preside.
 - (7) Decisions of the Board of Directors shall be determined by majority vote.
 - (8) In the case of an equal division of opinion among the Directors, the matter shall be referred to the Council, whose decision is binding on the Corporation.

- (9) The Chairperson is the Chief Executive Officer of the Corporation and has the supervision over and direction of the work and the staff of the Corporation.
- 5. The Corporation, with written consent of Council, shall have the following functions:
 - (a) Constructing, altering, extending, managing and controlling a system for providing the services of sewage collection and treatment to the residents of the Muncipality and to residents of areas adjacent to the Municipality;
 - (b) Acquiring, alienating, holding and disposing of real or personal property;
 - (c) Engaging and paying personnell;
 - (d) Financing, any of its undertakings, and
 - (e) Assessing, charging and collecting rates and charges for services provided to any customer.
- 6. The Corporation shall levy such user rates or frontage charges as may be approved by the Island Regulatory and Appeals Commission.
- 7. The Corporation shall maintain its accounts separate from the accounts of the Council of a Municipality.
- 8. The Directors of the Corporation and any person acting on their instruction or authority are not personally liable for any loss or damage suffered by any person by reason of any act done by any of them in good faith in the exercise or purported exercise of the powers conferred under this bylaw.
- 9. The Corporation may in its discretion contract the Town for the provision of any or all services to be provided by the Corporation.
- 10. The fiscal year of the Corporation shall be from the January 1 to December 31.
- 11. This bylaw comes into force on the 14th of April 1992.

FIRST READING GIVEN FEBRUARY 11, 1992.

SECOND READING AND AMENDED APRIL 13. 1992

Michael Gallant, MAYOR

Patricia Gotell, Town Administrator

Management's Responsibility for Financial Reporting

March 31, 2019

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the consolidated financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the consolidated financial statements. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced. The internal controls are designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements.

The Council is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control, and exercises these responsibilities through the Council. The Council reviews internal financial statements on a monthly basis and external audited consolidated financial statements yearly. The Council also discusses any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with Canadian auditing standards, and express their opinion on the consolidated financial statements. The external auditors have full and free access to financial management of the Town of Three Rivers and meet when required. The accompanying Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the consolidated financial statements.

On behalf of the Town of Three Rivers

CAO

Mayor

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, these consolidated financial statements present fairly, in all material respects, the financial position of the Town of Three Rivers as at March 31, 2019 and the results of its operations and its cash flows for the period then ended, in accordance with Canadian public sector accounting standards.

Basis for Qualified Opinion

The Town of Georgetown Fire Department members maintain a bank account that is used for local fundraising activities with the proceeds of that fundraising intended to be used to fund various pieces of fire equipment. We were unable to obtain sufficient appropriate audit evidence related to the existence of the yearend balance of that bank account and the associated activity in that account including revenues and expenses. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements,
 whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Entity and the organizations it controls to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

March 31, 2019

1. Summary of significant accounting policies

The consolidated financial statements of the Town of Three Rivers are prepared by management in accordance with Canadian Public Sector Accounting Standards (PSAS) of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the Town are as follows:

Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues, expenditures, and cash flow and changes in net debt of the reporting entity. The reporting entity is comprised of all organizations and committees that are accountable to the Town for administration of their financial affairs and resources, and which are owned or controlled by the Town. Interdepartmental and organizational transactions and balances are eliminated.

The entity was created through a restructuring transaction on September 28, 2018, see Note 8 for details on the restructuring transaction.

Consolidated entities

The organizations included in the consolidated financial statements are as follows:

Town of Three Rivers

Montague Sewage and Water Collection and Treatment Corporation

Montague Waterfront Development Corporation

Garden of the Gulf Museum

Georgetown Volunteer Fire Department

Georgetown Sewer Corporation

King's Playhouse

Cardigan Volunteer Fire Department

The financial activities of the Montague Volunteer Fire Department are associated with but not controlled by the Town of Three Rivers. Therefore the operations of the fire department are not included in the consolidated financial statements of the Town. The Town's transactions with this entity are recorded as expenditures in the consolidated statement of financial activities.

All inter-entity transactions and balances have been eliminated.

Revenue recognition

(a) Tax revenue is property tax billings which are received directly from the Province of Prince Edward Island. Taxes are billed based on the assessment rolls provided by the Province of Prince Edward Island at rates set by the Town. Taxation revenue is recorded as it is received in monthly instalments from the Province of Prince Edward Island. Assessments and the related property taxes are subject to appeal to the Province of Prince Edward by residents. The Town's revenue is adjusted for any of these appeals using a yearly statement.

March 31, 2019

1. Summary of significant accounting policies (cont'd)

Revenue recognition (cont'd)

(b) Government transfers are transfers of monetary assets or tangible assets from a government to an individual, an organization or another government that are not the result of an exchange transaction, expected to be repaid in the future or expected to produce a direct financial return. Government transfers received are recognized in the consolidated financial statements as revenue when the transfers are authorized and all eligibility criteria have been met except when there is a stipulation that gives rise to an obligation that meets the definition of a liability. In that case, the transfer is recorded as a liability and recognized as revenue as the stipulations are met.

Government transfers made to a recipient by the Town are recorded as an expense when they are authorized and the recipient meets all eligibility criteria.

- (c) Utility revenues are recorded when billed and receivable and collectability is reasonably assured.
- (d) Other revenue is recorded when it is earned and collectability is reasonably assured.

Cash and cash equivalents

Cash and cash equivalents include cash on hand and on deposit with banks. Bank borrowings are considered to be a financing activity.

Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current period and are not intended for sale in the normal course of operations. The change in non-financial assets during the period, together with the excess of revenue over expenses, provides the consolidated change in net financial assets for the period.

Tangible capital assets

Tangible capital assets are recorded at cost less accumulated amortization, which includes all amounts that are directly attributable to acquisition, construction, development and betterment of the asset. The cost of a tangible capital asset is amortized over its estimated useful life as follows:

Motor vehicle Computer Municipal building Small equipment Equipment Streets Sidewalks	10 years 5 years 40 years 10 years 10 years 50 years 25 years	Straight Line Basis Straight Line Basis Straight Line Basis Straight Line Basis Straight Line Basis Straight Line Basis Straight Line Basis
Land improvments	25 years	Straight Line Basis
Waterfront equipment and structures	15 years	Straight Line Basis
Sanitary sewer	1.20%	Straight Line Basis
Pumping station/pipe/lagoon	1.20%	0
Computer and software	20.0%	Straight Line Basis

March 31, 2019

Summary of significant accounting policies (cont'd)

Tangible capital assets (cont'd)

Assets under construction are not amortized until the asset is available for productive use. All costs associated with placing an asset in service, including freight, installation costs, site preparation costs, alterations and professional fees directly attributable to the assets construction or development are included in its cost.

Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. A liability for remediation of a contaminated site is recognized, net of any expected recoveries, when all of the following criteria are met:

- an environmental standard exists:
- ii) contamination exceeds the environmental standard;
- iii) the Municipality is directly responsible or accepts responsibility; and
- iv) a reasonable estimate of the amount can be made.

Management estimates

The presentation of consolidated financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those reported.

2. Deferred revenues

During the period the Town was allocated \$378,823 under the New Deal Gas Tax Funding for Incorporated Communities agreement. The Town must use their allocation of the New Deal Gas Tax funds for eligible infrastructure and capacity building projects as outlined in the agreement.

Deferred, beginning of period	\$ -
Deferred, transferred in on September 28. 2018	274,758
Allocation received and interest earned during the period	378,823
Eligible expenditures incurred	_(265,278)
Deferred, end of period	\$ 388,303

Under the Agreement on the Transfer of Federal Gas Tax Revenues through the New Deal for Cities and Communities, the Town has received funds which are restricted for expenditure on eligible projects. The Town has prepared, and the governmental regulating body has accepted, a Capital Investment Plan which details determined expenditures.

2019

March 31, 2019

3. Bank indebtedness

The Town of Three Rivers has combined operating lines of credit of \$500,000 of which nil (2018 - nil) was utilized at March 31, 2019. Interest is charged at prime less 0.25%. Prime rate at March 31, 2019 was 3.95%.

4. Long-term debt	2019
Town of Three Rivers	
2.35% Bank of Montreal loan, maturing in April 2020, amortized to 2026, payable in monthly instalments of \$390, including principal and interest.	\$ 32,900

March 31, 2019

4. Long-term debt (cont'd)

3.50% Credit Union loan, maturing March 2023, amortized to 2038, payable in monthly instalments of \$1,447, including principal and interest

240,956

3.41% Federation of Canadian Municipalities loan, maturing May 2027, payable in semi-annual instalments of \$15,364, Including principal and interest.

261,180

750,221

\$ 2,276,807

Debt due on demand has extended repayment terms as disclosed above. Therefore, based on current repayment amounts, principal repayments in each of the next five periods are due as follows:

	<u>General</u>	Water <u>& Sewer</u>	<u>Total</u>
2020 2021 2022 2023 2024	\$ 211,076 180,734 186,321 188,018 	\$ 80,784 82,277 83,816 73,711 55,168	\$ 291,859 263,011 270,137 261,729 214,372
	\$ 925,343	\$ 375,756	\$1.301.109

5. Rate regulation

The Town is subject to rate regulation on the sewer and water utilities provided to residents in Prince Edward Island under the *Island Regulatory & Appeals Commission Act*. The purpose of this Act, which is administered by the Island Regulatory & Appeals Commission (IRAC), is to regulate the rate municipalities may charge for water and sewer utilities provided to residents within Prince Edward Island and to ensure at all times a just and reasonable price for sewer and water utilities. Changes in water and sewer utility rates can only be implemented with the approval from IRAC.

6. Commitment

Both councils of the Town of Montague and Town of Three Rivers approved a motion to transfer ownership of all streets within the Town to the Province of PEI for \$1. When this is finalized it will result in the reduction of the tangible capital assets and accumulated surplus by approximately \$5,400,000. At the current time, it is uncertain when the transfer will actually occur.

March 31, 2019

7. Reserves

The net financial assets or debt excluding long-term debt from each former Municipality has been transferred in to Three Rivers as reserve funds on September 28, 2018. Long-term debt was assumed by the Town of Three Rivers.

	Septem	ber 28, 2018	<u>Spent</u>	Mar	ch 31, 2019
Town of Montague	\$	1,713,092	\$ 27,667	\$	1,685,425

	\$	2,388,841	\$ 187,412	\$	2,201,429

See Page 17 for each Municipalities' Statement of Financial Position transferred into The Town of Three Rivers on September 28, 2018.

8. Restructuring transactions

The Town of Three Rivers was formed on September 28, 2018 through amalgamation of the former Towns of Montague and Georgetown and the Rural Municipalities of Cardigan, Brudenell, Valleyfield, Lorne Valley, and Lower Montague. The previous entities were not related but are closely located geographically in King's County, Prince Edward Island. The amalgamation was proposed and was approved by the Province of Prince Edward Island on September 25, 2018. All assets, liabilities, and responsibilities of the former Towns and Rural Municipalities were transferred to the new Town of Three Rivers. There was no compensation associated with this transaction.

The accumulated surplus of \$22,328,337 transferred in to the Town of Three Rivers during the period is made up of the following balances:

Town of Montague	\$	18,279,969
Town of Georgetown		3,091,007
Rural Municipality of Brudenell		142,285
Rural Municipality of Cardigan		703,913
Rural Municipality of Valleyfield		19,205
Rural Municipality of Lower Montague		54,861
Rural Municipality of Lorne Valley	-	37,097
	\$	22,328,337

See Page 17 for each Municipalities' Statement of Financial Position transferred into The Town of Three Rivers on September 28, 2018.

March 31, 2019

9. Contingencies

The Town has been named as defendant in legal actions and is subject to various risks and contingencies arising in the normal course of business. The Town is defending itself against these legal actions. The likelihood of any liability is not determinable at this time.

10. Budgeted figures

There was no budget approved for the new Town of Three Rivers for the March 31, 2019 period. The budgeted numbers presented are the former entities' budgeted figures from the January 1, 2018 to March 31, 2019 period prorated to reflect the 184 day reporting period from September 28, 2018 to March 31, 2019. Lorne Valley did not have an approved budget for this period and was not included in the budgeted figures.

11. Segment disclosure

The Town is a diversified municipal unit that provides a range of services to its citizens. For management reporting purposes the Town's operations and activities are organized and reported by fund. The segments were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Town services are provided by departments and their activity is reported in these funds. The services provided by these departments are as follows:

General government services

This department is responsible for the overall financial and local government administration. Its tasks include accounts payable and receivables, budgets and financial statements, administration and maintenance of bylaws.

Protective services

This department is primarily responsible for police and fire protection for its residents. The Town's other protective services include costs related to building inspection and animal and pest control.

Transportation

This department is responsible for the maintenance of specialized roads within its jurisdiction.

Recreation and culture

This department is responsible for promoting and offering recreation opportunities and activities to the Town's residents.

Water & Sewer Utility

This department is responsible for the maintenance and operations of water and sewer services provided to residents and other customers.

Waterfront development

This department is responsible for the maintenance and operations of Montague Waterfront.

King's Playhouse

This department is responsible for promoting and offering live productions and creative performances to the Town's residents.

Internally generated revenues and expenses are eliminated on a consolidated basis.
