

NOTICE OF APPLICATION

Maritime Electric seeks approval for Supplemental Budget Request for the Advanced Metering for Sustainable Electrification Project

In July 2025, in accordance with Order UE24-06, Maritime Electric filed a supplemental capital budget application seeking approval for additional expenditures related to the Advanced Metering for Sustainable Electrification Project.

BACKGROUND

In November 2022, Maritime Electric filed an application seeking approval of a supplemental capital budget request for the Advanced Metering Sustainable Electrification Project. The project involves the replacement and upgrade of the existing customer information system and the replacement of existing radio frequency meters with advanced metering infrastructure. In October 2024, the Commission issued Order UE24-06 approving the application. Order UE24-06 directed Maritime Electric to advise the Commission of any changes to the project, including material changes to the timeline, scope, or cost of the project.
