1 SCOPE

1.1 AUTHORITY

1.1.1 This by-law is enacted under the authority of the *Municipal Government Act* R.S.P.E.I. 1988, Cap. M-12.1 and the *Planning Act*, R.S.P.E.I. 1988, c. P-8 of the Province of Prince Edward Island.

1.2 TITLE

1.2.1 This by-law may be cited as the *City of Charlottetown Zoning and Development By-law*, and may be referred to as the *Zoning By-law*.

1.3 SCOPE

1.3.1 This by-law prescribes:

- a. The purposes for which land, Buildings and Structures in any Zone may be used;
- b. Standards for the placement, Erection, Alteration, and use of Buildings and Structures;
- c. The use of a Permit system that includes the application for a Development Permit, Building Permit, Sign Permit, Footing Permit, Demolition Permit and Moving Permit;
- d. Standards for Subdivision approval and the Subdivision application process; and
- e. Standards for the design and placement of a Sign.

1.3.2 Transitional Provisions

- a. Any application for a Permit or Subdivision, that has been made as of the effective date of this by-law shall be processed to completion in accordance with the provisions of the *City of Charlottetown Zoning and Development By-law* (October 17, 2006).
- b. Any Permit that has been issued and any preliminary or final Subdivision approval that has been given prior to the effective date of this by-law shall stand as issued or approved until its original expiry date, and any work in accordance with the approved Permit or Subdivision may continue uninterrupted.

1.4 ZONES

1.4.1 The City is divided into Zones for which the regulatory provisions of this by-law apply.

1.4.2 The Zones may be referred to by the following symbols:

	Land Use Category	Land use Zone	Symbol
a.	Residential	i. Single Detached	R-1L
		ii. Single Detached	R-1S
		iii. Narrow Single Detached	R-1N
		iv. Manufactured Housing	MH
		v. Low Density	R-2
		vi. Low Density Single	R-2S
		vii. Medium Density	R-3
		viii. Medium Density Townhouse	R-3T
		ix. Apartment	R-4
		x. Apartment – A	R-4A
		xi. Apartment – B	R-4B
		xii. Medium Density Mixed Use	MUR
b.	Mixed use Residential + Commercial	i. East Royalty Mixed Use Village Centre	ER-MUVC
		ii. Mixed-Use Corridor	MUC
		iii. Business Office	C-1
		iv. Highway	C-2
		v. Shopping Centre	C-3
		vi. Downtown Neighbourhood	DN
		vii. Downtown Mixed Use Neighbourhood	DMUN
		viii. Downtown Mixed Use	DMU
		ix. Downtown Core	DC
		x. Waterfront	WF
c.	Employment/Industrial	i. Industrial Light	M-1
		ii. Industrial Heavy	M-2

e.	Open Space	i. Open Space	OS
f.	Other	i. Comprehensive Development Zone	CDA
		ii. Future Development	FD

1.4.3 The boundaries are shown on the Zoning Map (Appendix G), which is an integral part of this by-law.

- 1.4.4 Where the boundary of any Zone is uncertain, and:
- a. The boundary substantially follows a Street, lane, or other public Right-of-way, then the centre line of such feature is the boundary;
 - b. The boundary substantially follows Lot Lines shown on the City's property map, then the Lot Lines are the boundaries;
 - c. The boundary runs substantially parallel to a Street Line and the difference from the Street Line is not indicated, then the boundary shall be deemed to be parallel to such Street Line and the distance from the Street Line shall be determined according to the scale shown on the Zoning Map; or
 - d. The boundary follows the shoreline of a Watercourse, then the mean high water mark is the boundary unless the municipal boundary is different, in which case the boundary shall be the extremity of the municipal boundary. Where there is a water lot, the extremity of the water Lot shall be the Zone boundary.

1.5 OTHER BY-LAWS, PERMITS, AND LICENSES

- 1.5.1 Nothing in this by-law shall relieve any person from the obligation to comply with the requirements of any other by-law of the City in force from time to time, or the obligation to obtain any license, Permit, authority, or approval required under any by-law of the City, or statute or regulation of the Province of Prince Edward Island or the Government of Canada
- 1.5.2 Where the provisions of this by-law conflict with those of any other City by-law or any regulations or codes of the Province of Prince Edward Island, the higher or more stringent requirement shall prevail.

1.6 CERTAIN WORDS

- 1.6.1 In this by-law words used in the present tense include the future; words in the singular number include the plural and words in the plural number include the singular, all as the context allows; and the word 'shall' is mandatory and is not permissive.

1.7 REPEAL

- 1.7.1 This by-law shall come into force effective the date of the Minister's approval with the exception of Section 5.6.2 and the definition for the Secondary and Garden Suite Registry (Appendix A of this Bylaw) shall come into force upon adoption of a By-law to create this Registry.
- 1.7.2 The *City of Charlottetown Zoning and Development By-law (October 17, 2006)* is hereby repealed.

2 OPERATION

2.1 DEVELOPMENT OFFICER

- 2.1.1 The Council shall appoint a Development Officer who shall administer this by-law, and the Council may name a designate or designates to the Development Officer.
- 2.1.2 Notwithstanding the foregoing, the Development Officer shall have the authority to approve or deny a Permit or a Subdivision application in accordance with this by-law, except for those applications that require Planning Board, Design Review Board and/or Council to be involved in the process as specified in this by-law.

2.2 PLANNING BOARD

- 2.2.1 There is hereby established a board for the City to be called the Planning Board.
- 2.2.2 The duties of the Planning Board are to:
 - a. Make recommendations to Council for the adoption of planning policies, the adoption of the *Official Plan*, proposed amendments to the *Official Plan*, by-laws in respect to the *Official Plan*; and
 - b. Perform such other duties of a planning nature as may be requested by Council.
- 2.2.3 The Planning Board shall comprise of up to fourteen (14) members appointed as follows:
 - a. The Planning Committee, appointed by Council from time to time for such term of office as the Council may determine. One member of the Planning Committee, appointed by Council, shall serve as chair of the Planning Board.
 - b. At least four (4) resident members appointed by Council on the recommendation of the mayor for such term of office as determined by Council, but not to exceed the term of the Council at the time of the appointment; and
 - c. Such other *ex officio* resource people from the City or other government departments who are requested by the chair or the Development Officer from time to time. *Ex officio* resource persons shall not have a vote.
- 2.2.4 If any member resigns, or can no longer perform their duties, Council may appoint a new member for the remainder of the former member's term.
- 2.2.5 All members shall be eligible for reappointment by the Council.
- 2.2.6 The quorum at any meeting shall be one-half of the Planning Board plus one member, including at least two members of the Planning Committee.

2.3 DESIGN REVIEW ROSTER

- 2.3.1 There is hereby established a Design Review Roster of Design Reviewers.

- 2.3.2 The duties of a Design Reviewer, as a member of the Design Review Roster, is to provide recommendations, comments and mark-ups on a proposed Development as required as part of the Design Review application process.
- 2.3.3 Individual Design Reviewers shall be appointed by Council in accordance with the following:
- a. At least one member of the roster shall be a locally (PEI) based design professional.
 - b. Design Reviewers shall be professions with expertise in the fields of architecture, landscape architecture, urban design, city planning, structural engineering, or a similar profession and must be licensed to practice their respective profession in at least one of the four Atlantic Provinces.
 - c. Design reviewers shall be appointed by Council for a period of two years. At the end of this period a new call for members shall be issued.
 - d. Design Reviewers are eligible for reappointment.
 - e. A Design Reviewer who declines three consecutive reviews without cause shall be deemed to have resigned.
 - f. Should a vacancy on the Design Review Roster occur for any reason other than the completion of the term of a member, Council shall, within 30 days of the notification of vacancy, appoint a person to fill the vacancy and the persons appointed shall hold office for the remainder of the term of the member in whose place they were appointed.
- 2.3.4 Upon receipt of the Design Reviewer's recommendations, comments and mark-ups, the Design Reviewer shall be paid an honorarium by the City, the amount of which will be set from time to time by a resolution of Council.

2.4 DESIGN REVIEW BOARD

- 2.4.1 There is hereby established a Design Review Board.
- 2.4.2 The duty of the Design Review Board is to make recommendations to Council and/or the Development Officer with regards to the review of applications subject to the Design Review process.
- 2.4.3 The Design Review Board shall be appointed by Council in accordance with the following:
- a. At least one (1) member of the Planning Committee, who shall serve as chair of the Design Review Board; and
 - b. At least four (4) resident members appointed by Council on the recommendation of the mayor for such term of office as determined by Council, but not to exceed the term of the Council at the time of the appointment; and
 - c. Such other *ex officio* resource people from the City or other government departments who are requested by the chair of the Design Review Board or the Development Officer from time to time. *Ex officio* resource persons shall not have a vote.
 - d. If any member resigns, or can no longer perform their duties, the mayor may appoint a new member for the remainder of the former member's term.

e. All members shall be eligible for reappointment by Council.

2.4.4 The quorum at any meeting shall be one-half of the Design Review Board plus one, including at least one member of the Planning Committee.

2.4.5 The Development Officer may request that the Design Review Board conduct a vote by telephone or email, in circumstances where the Committee has already been briefed on the matter and there is no new information to be presented or discussed.

2.5 CONFLICT OF INTEREST

2.5.1 No member of the Planning Board, Design Review Roster or the Design Review Board shall derive any profit or financial advantage from their position and where a member has any pecuniary interest in or is affected by any matter before the Planning Board and/or Design Review Board, they shall declare the interest therein, abstain from the voting and discussion thereon, and physically remove themselves from the meeting venue at that time.

2.5.2 In the event that conflicts of interest should reduce the number of members of the Planning Board and/or Design Review Board below a quorum, the mayor may appoint additional member(s) pro tem in order to satisfy the quorum requirements.

2.6 PUBLIC NOTICE OF APPLICATION APPROVALS

2.6.1 The City shall post notice on their website of the approval of any Permit and Subdivision and this shall be deemed to be notification under the by-law of a Permit being issued.

2.6.2 The notice on the City's website shall:

- a. Be updated at least every second week; and
- b. Will include the parcel identification number (PID), property address and type of Development approved.

2.7 CALCULATION OF NUMERICAL REQUIREMENTS

2.7.1 All numerical requirements in this By-law are provided in metric units of measurement. Imperial units of measurement, where provided, are for user convenience only. Where a discrepancy between metric and imperial measurements occurs, the metric measurement shall prevail.

2.7.2 In this By-law, unless otherwise stated for density and parking calculations, metric fractions of one-half (0.5) or greater must be rounded up to the nearest whole number and fractions of less than one-half (0.5) must be rounded down to the nearest whole number.

3 PERMIT APPLICATIONS AND APPLICATION PROCESSES

3.1 FEES FOR PERMITS AND RELATED SERVICES

- 3.1.1 The City shall collect fees for permit applications and related services as outlined in the Fee Schedule (Appendix E) and as enabled by the *Planning Act*.
- 3.1.2 The value of the processing fees shall be set from time to time by a resolution of Council and may be amended by resolution as per the *Municipal Government Act*.

- e. Any other information as may be required or which may be necessary to ensure compliance with the provisions of the *City of Charlottetown Building Code By-law*.
- 3.3.6 If an application for a Development and/or Building Permit is incomplete, the Development Officer shall notify the applicant in writing within seven (7) calendar days of the submission.
- 3.3.7 Where the Development Officer is unable to determine if an application meets the requirements of this by-law, or other by-laws or statutes which may be in force, the Development Officer may refer the application to the Planning Board, and after which a recommendation from the Planning Board, Council shall give direction on the disposition of the application.
- 3.3.8 An application for a Development and/or Building Permit shall be rejected if:
- a. The proposed Development does not conform to this by-law or other by-laws or applicable provincial legislation;
 - b. The proposed method of water supply and/or waste disposal is not appropriate;
 - c. There is not a safe and efficient access to the Public Street;
 - d. The impact of the proposed Development would be detrimental to the environment by reason of noise, dust, drainage, infilling or excavation which affects environmentally sensitive or residential areas;
 - e. The proposed Development would be detrimental to the convenience, health or safety of the occupants or residents in the vicinity or the general public.
- 3.3.9 When an application for a Development and/or Building Permit is rejected, the Development Officer shall notify the applicant in writing of the decision and the reason for the refusal within seven (7) calendar days of the decision.
- 3.3.10 Construction undertaken pursuant to a Development and/or Building Permit shall be commenced within a twelve (12) month period from the date of issuance, and shall be completed within the time specified on the Permit when applicable.
- 3.3.11 A Development and/or Building Permit may be renewed for one (1) period upon application to the Development Officer and shall be valid only for the time period specified at the time of renewal.

- 3.3.12 Council may require that a Development Agreement be signed between the two parties indicating that the Development will be carried out in accordance with the drawings and other documents produced in respect of the proposed Development and agreed upon between both parties, and the Development Agreement shall bear the signatures of the applicant and the City. When an applicant refuses to enter into a Development Agreement when required by the City, the application shall be denied.
- 3.3.13 The Development Officer shall give consideration to the disposition of a Development and/or Building Permit application having regard to the following Development principles:
- a. Compatibility and interrelationship of the proposed uses of the Building(s);
 - b. The convenience, adequacy and safety of the Street and pedestrian connections including Parking spaces, driveways, and access points;
 - c. The suitability of Municipal Services and connections;
 - d. The adequacy of storm water drainage systems, both surface and underground;
 - e. The adequacy of fire protection access;
 - f. The preservation or enhancement of a View Plane of the Charlottetown Harbour (Hillsborough and York Rivers) from a Public Street (projection of their Right-of-way to the water) or Park.
- 3.3.14 Further to the above Development principles, for large commercial facilities the Development Officer shall give further consideration to the following factors:
- a. Parking that is designed for convenience, safety, and esthetic excellence, and providing for appropriate snow removal and surface water drainage;
 - b. Provision of green spaces for urban planting and maintenance of mature trees, shrubs and other suitable vegetation;
 - c. The impact on the Public Street system and traffic flow;
 - d. Safe and convenient access and egress between the site and the Public Street;
 - e. Building form and design that is compatible with adjacent urban or natural landscape, natural environment, adjacent Building forms, architectural features and scale;
 - f. Appropriate infrastructure and Municipal Services, traffic and traffic controls, transportation modes and connections; and
 - g. The provision for an equitable, proportionate contribution by the applicant to any incremental public improvements that may be necessitated by the proposed Development.

3.4 FOOTING PERMITS

- 3.4.1 A Footing Permit shall be required for all Building Permit applications where the proposed Building's Setback is within 0.3 m (1 ft) or less of the minimum Setback permitted in the Zone.
- 3.4.2 When a Footing Permit has been issued, a Footing Certificate or survey shall be submitted to confirm the location of the Building's footing prior to the Building Permit being issued.

- 3.4.3 A Footing Permit may be issued as an initial Phase of a multi-Phase Building Permit, where sufficient information has been provided to evaluate the Building Permit's compliance on all other provisions of this by-law and the *City of Charlottetown Building Code By-law*.

3.5 DEMOLITION PERMITS

- 3.5.1 No Building or Structure shall be demolished without obtaining a Demolition Permit.
- 3.5.2 A Demolition Permit may be issued for a Building or Structure, or a part thereof, unless the property on which the Building or Structure is located is identified as a Designated Heritage Resource or is located within a Heritage Preservation Area, as per the *City of Charlottetown Heritage Preservation By-law*.
- 3.5.3 Debris from a demolition site shall be hauled to and disposed of at a provincially approved location.
- 3.5.4 The foundation of a demolition site shall be leveled to Grade, unless the Demolition Permit was approved in conjunction with an approved Development Permit for the same property.
- 3.5.5 An application for a Demolition Permit shall include the submission of a damage deposit, in an amount set from time to time by Council.
- 3.5.6 A Demolition Permit shall be valid for sixty (60) calendar days unless the Development Officer prescribes a greater time period which is not to exceed ninety (90) calendar days.

3.6 MOVING PERMIT

- 3.6.1 No Building or Structure shall be moved through, into, or out of the City without obtaining a Moving Permit.
- 3.6.2 An application for a Moving Permit shall include:
- a. The transportation route within City boundaries;
 - b. The date and time of the proposed move; and
 - c. An approved Development Permit for a Building moving onto a property within the City.
- 3.6.3 When a Building is moved off of a property within the City the foundation shall be leveled to Grade, unless the Moving Permit was approved in conjunction with an approved Development Permit for the same property.
- 3.6.4 An application for a Moving Permit shall include the submission of a damage deposit, in an amount set from time to time by Council.

3.7 OCCUPANCY PERMITS

- 3.7.1 No person shall use or occupy any Building or Structure which has been constructed or Altered in accordance with the *City of Charlottetown Building Code By-law* without first obtaining an Occupancy Permit.
- 3.7.2 An occupancy Permit shall not be issued until:

- a. The Owner has satisfied to the City that the work carried out conforms to all regulations, to all plans submitted for the Building Permit and to any conditions of the Building Permit; or
- b. The City is satisfied that the work has progressed to a stage where occupancy of the Building or Structure does not endanger the health or safety of the occupants or any other person entering therein.

3.7.3 An Occupancy Permit may be issued after:

- a. Receiving satisfactory reports from the Building Inspector and /or the Fire Inspector;
- b. Being satisfied that all the requirements for the Building Permit including the site plan have been met; and
- c. Being satisfied that the Building, Structure and/or Development complies with all applicable City by-laws.

3.7.4 The Development Officer may post or cause to be posted one (1) or more notices on any part of a Building or Structure, or an Addition or part thereof that is being occupied in contravention of this by-law.

3.8 MINOR VARIANCES

3.8.1 When a Development and/or Building Permit application does not meet the minimum regulations of this by-law, the applicant may apply for a Minor Variance to:

- a. Reduce the minimum Setback requirement for a Front, Rear, Side and/or Flankage Yard by up to 15%; and
- b. Reduce the minimum regulation pertaining to Lot Area, Lot Frontage and/or Building Height by up to 10%.

3.8.2 An application for a Minor Variance shall be submitted with sufficient information as may be required by the Development Officer for the purpose of adequately assessing the proposal, including:

- a. A legal description and a plot plan, or a survey plan, accurately showing the location of the property and Building(s) or Structure(s) on the property in question;
- b. The name and address of the Owner(s) of the property and, if the applicant is not the Owner, a statement as to the applicant's interest in the property;
- c. Drawings to illustrate any proposed Development for the Lot in a detailed concept plan; and
- d. Such other information as deemed necessary by the Development Officer to evaluate the proposal.

3.8.3 Before a Minor Variance may be approved, the Development Officer shall:

- a. Receive from the applicant a completed Variance application and sufficient funds to cover the cost associated with processing the application;

- b. Provide written notice by ordinary mail explaining the purpose of the proposed Minor Variance to all Affected Property Owners within 100 m (328.1 ft) of the boundaries of the subject Lot; and
 - c. Ensure that the notice identifies the subject Lot and describes the Minor Variance application and the date by which written objections must be received.
- 3.8.4 If no objections are received within fourteen (14) calendar days from the date of the notice, the Minor Variance may be approved by the Development Officer.
- 3.8.5 If an objection to the proposed Minor Variance is received within fourteen (14) calendar days from the date of the notice:
- a. The Minor Variance application will be referred to the Planning Board which shall consider the request and the comments received in response to the notice.
 - b. Where the Planning Board supports the Development Officer's recommendation on the disposition of the application, the decision to approve or reject the Minor Variance may be determined by the Development Officer; or
 - c. Where the Planning Board and Development Officer disagree on the disposition of the application, the Development Officer may refer the application to Council for a final decision.
- 3.8.6 When an application for a Minor Variance has been lawfully denied, the same or a similar Minor Variance application shall not be considered within one (1) year of the decision unless:
- a. New material facts or evidence not available at the time of the initial order or decision have come to light; or
 - b. A material change of circumstances has occurred since the initial order or decision.
- 3.8.7 If, after two (2) years of a Minor Variance approval, no Development and/or Building Permit has been issued or the Development and/or Building Permit has not been acted upon (construction has not commenced), the Minor Variance and the related Permit shall automatically be deemed null and void.

3.9 MAJOR VARIANCES

- 3.9.1 Where a Development and/or Building Permit application does not meet the regulations of this by-law the applicant may apply for a Major Variance if the proposed Building or Development complies with the general intent and purpose of the *City of Charlottetown Official Plan*, and in any of the following circumstances:
- a. The proposed Building Height is more than the percentage allowed with a Minor Variance, and the application is not eligible for a Bonus Height;
 - b. The need for consideration of a Major Variance is owing to peculiar conditions specific to the property and is unique to the area and not the result of actions by the Owner, and a literal enforcement of this by-law would result in unnecessary and undue hardship;

- c. The extension or intensification of a specific non-conforming use upon a site occupied by such use or Building on the effective date of this by-law;
- d. A non-conforming use of a Building or Lot which has been discontinued for a period of six (6) months or more to be reestablished the previous non-conforming use provided it has not been discontinued for more than two (2) years;
- e. A less intensive use of the Building or site other than the previous non-conforming use, provided that the Building or Structure had not at any time in the interim become a conforming use;
- f. A temporary use or Structure in a manner otherwise prohibited by this by-law for a period lasting no longer than one (1) year;
- g. An Accessory Building to be located on a Lot closer to the Street than the main Building on the Lot;
- h. The need for consideration of a Major Variance is supported by a recommendation from the Heritage Board, and the proposed Development is deemed necessary for the preservation of a Designated Heritage Resource, as identified in the *City of Charlottetown Heritage Preservation By-law*.
- i. The Variance request is not substantial and does not entail a Rezoning application. If there is any doubt, then a Rezoning application or Site Specific Exemption must be sought by the applicant.

3.9.2 An application for a Major Variance shall be submitted with sufficient information as may be required by the Development Officer for the purpose of adequately assessing the proposal, including:

- a. A legal description and a plot plan, or a survey plan, accurately showing the location of the property and Building(s) or Structure(s) on the property in question;
- b. The name and address of the Owner(s) of the property and, if the applicant is not the Owner, a statement as to the applicant's interest in the property;
- c. A drawing or statement to explain under which criteria as stated above for application for a Major Variance the application is being sought;
- d. Drawings to illustrate any proposed Development for the Lot in a detailed concept plan; and
- e. Such other information as deemed necessary by the Development Officer to evaluate the proposal.

3.9.3 Before a Major Variance may be approved, the Development Officer shall:

- a. Receive from the applicant a completed Variance application and sufficient funds to cover the cost associated with processing the application;
- b. Provide written notice by ordinary mail explaining the purpose of the proposed Major Variance to all Affected Property Owners within 100 m (328.1 ft) of the boundaries of the subject Lot; and

- c. Ensure that the notice identifies the subject Lot and describes the Major Variance application and the date by which written objections must be received.
- 3.9.4 After fourteen (14) calendar days from the date of the notice, the Major Variance will be referred to Planning Board which shall consider the request and any comments received in response to the notice, and shall make a recommendation to Council. Council may, without prejudice, approve or reject the Major Variance.
- 3.9.5 When an application for a Major Variance has been lawfully denied, the same or a similar Major Variance application shall not be reheard by Council within one (1) year of its rendering a decision unless:
 - a. New material facts or evidence not available at the time of the initial order or decision have come to light; or
 - b. A material change of circumstances has occurred since the initial order or decision.
- 3.9.6 If, after two (2) years of a Major Variance approval, no Development and/or Building Permit has been issued or the Development and/or Building Permit has not been acted upon (construction has not commenced), the Major Variance and the related Permit shall automatically be deemed null and void.

3.10 AMENDMENTS TO THE BY-LAW AND REZONINGS

- 3.10.1 Council may initiate an amendment to the *Zoning and Development By-law* to change the text of the by-law or to Rezone a property without the authorization of the Owner(s) of land(s) involved in the Rezoning, provided that the proposed amendment obtains the support of Council and complies with the general intent and purpose of the *Official Plan*. If the proposed amendment is contrary to the policies in the *Official Plan*, an amendment to the *Official Plan* must be filed in-conjunction with the by-law amendment.
- 3.10.2 A person who seeks to Rezone a parcel of land, or to otherwise have this by-law amended, shall submit an application that includes such information as may be required by the Development Officer for the purpose of adequately assessing the desirability of the proposal, and if the application is for a Rezoning it shall include:
 - a. Sufficient funds to cover the cost associated with processing the application;
 - b. A legal description and a plot plan, or a survey plan, accurately showing the location of the property or properties to be Rezoned;
 - c. The names and addresses of the Owner of the property and, if the applicant is not the Owner, a statement as to the applicant's interest in the property;
 - d. Drawings to illustrate any proposed Building(s) for the Lot in a detailed concept plan with a floor plan and elevations for the Building(s) and a detailed site plan showing the location of the Building(s) on the Lot and any required Landscaped Areas; and
 - e. Such other information as deemed necessary by the Development Officer to evaluate the proposal.

- 3.10.3 Before amending the regulations of this by-law or rezoning any parcel of land, Council shall conduct a public meeting to receive the views and opinions of the public and the applicant. Council may, for reasons that are in the best interests of the City, reject a proposed amendment to this by-law without public notice and without referral to a public meeting, but if an application goes to a public meeting, then Council shall determine the disposition of the application and the applicant may not be allowed to withdraw the application after the public meeting.
- 3.10.4 Before a Rezoning is heard at a public meeting, the Development Officer shall:
- a. Provide written notice by ordinary mail advise all Affected Property Owners within 100 m (328.1 ft) of the boundaries of the subject Lot through notification in writing at least seven (7) calendar days prior to the public meeting, of the date of the public meeting; and
 - b. Ensure that the notice identifies the subject Lot and describes the Rezoning application and the date by which written objections must be received.
 - c. Publish a notice in not less than two issues of a newspaper circulating in the City with the first notice at least seven (7) calendar days prior to the public hearing date.
 - d. Post a copy of the notice in at least one (1) conspicuous place on the subject Lot at least seven (7) calendar days prior to the date fixed for the public meeting.
- 3.10.5 When an application for a text amendment to this by-law or a Rezoning has been lawfully denied, the same or a similar application shall not be reheard by Council within one (1) year of its rendering a decision unless:
- a. New material facts or evidence not available at the time of the initial order or decision have come to light; or
 - b. A material change of circumstances has occurred since the initial order or decision.
- 3.10.6 A notice in writing shall be sent to the applicant within seven (7) calendar days of the Council decision stating if the application is successful, and if not successful, stating the appeal process available to the applicant.
- 3.10.7 Where there is a proposed amendment to the text of this by-law that does not entail Rezoning, all procedures in this subsection shall be followed except that the procedure for notification of Affected Property Owners shall not apply.

3.11 SITE SPECIFIC EXEMPTION

- 3.11.1 Council may approve a Site Specific Exemption to the permitted uses and regulations in any Zone, where the following criteria are satisfied:
- a. The proposed Site Specific Exemption is not contrary to the *Official Plan*. If an application is contrary to the policies in the *Official Plan*, an application to amend the *Official Plan* must be filed in-conjunction with the application;
 - b. If a proposed use of land or a Building that is otherwise not permitted in a Zone is sufficiently similar to or compatible with the permitted uses in a different Zone, Council may consider Permitting such an application through a by-law amendment process;

- c. Council may consider Rezoning a property and restricting some or all of the permitted uses within the Zone with the exception of the proposed use under consideration; and
- d. The proposal does not undermine the overall integrity of any given Zone, is in the public interest and is consistent overall with good planning principles.

3.11.2 Notwithstanding any other provision of this by-law, Council may approve a Site Specific Exemption to the permitted uses or regulations within any Zone, after:

- a. Receiving a recommendation from the Development Officer and Planning Board; and,
- b. Following the process as prescribed for an amendment to this by-law.

3.12 BONUS HEIGHT APPLICATIONS

3.12.1 An increase to the minimum standards pertaining to Building Height shall be permitted at the discretion of the Development Officer/Planning Committee in certain Zones as specified in the regulations of the Zones where applicable, in exchange for securing specific public benefits of one or more of the following:

- a. Adaptive reuse, Maintenance, preservation, or enhancement of a Designated Heritage Resource as defined in the *Heritage Preservation By-law*.
- b. The provision of Affordable Housing Dwelling Units, by way of subsidization between the applicant and the Province and/or Federal Government(s) for a specified period of time and confirmed in a written agreement registered to the property;
- c. The provision of three or four bedroom Dwelling Units;
- d. The provision of a Landscaped Area, such as urban park, plaza, boardwalk or other facility where a deficiency exists or as indicated by the City;
- e. The provision of public art in a location to be agreed upon by the City;
- f. Investment in active transportation or public transit;
- g. The provision of a LEED-gold standard certified Building or other equivalent qualification; or
- h. The provision of subsidized commercial space for arts or other cultural uses.

3.12.2 The value of the public benefit shall be a rate set from time to time by a resolution of Council based upon the Gross Floor Area of any Storey above the pre-bonus Height, and the specified rate shall be adjusted at most every two years, in accordance with the Consumer Price Index.

3.12.3 When it is not feasible to provide the public benefit on the Lot in question, the public benefit may be provided offsite, at a location agreed upon by the City.

3.12.4 All applications for a Bonus Height are subject to the Design Review process.

3.12.5 An application for a Bonus Height shall be submitted with sufficient information as may be required by the Development Officer for the purpose of adequately assessing the proposal, including:

- a. A legal description and a plot plan, or a survey plan, accurately showing the location of the property and Building(s) or Structure(s) on the property in question;

- b. The name and address of the Owner(s) of the property and, if the applicant is not the Owner, a statement as to the applicant's interest in the property;
 - c. Design drawings, as required to proceed through the Design Review process;
 - d. A cost estimate in a format acceptable to the Development Officer to quantify the detailed cost of the proposed public benefit; and
 - e. Such additional information as deemed necessary by the Development Officer, including studies or analyses to ensure that the proposed Bonus Height and/or its massing meet the desired performance standards with respect to mitigating visual, shadow, wind, and traffic impacts.
- 3.12.6 The cost estimate of the proposed public benefit may be subject to verification by a third party estimator at the expense of the applicant and the Development Officer may seek an internal review of the proposed public benefit with other qualified staff and/or external professional(s) with expertise in a field relevant to the public benefit proposed for the purpose of confirming that the proposal meets the objectives of the public benefit.
- 3.12.7 The public benefit shall be completed at the time of the issuance of an Occupancy Permit, or at such other time as mutually agreed upon by the City and the applicant.
- 3.12.8 The Bonus Height provisions do not apply to additional Height that provides for unoccupied architectural details or permitted Height encroachments.
- 3.12.9 Upon completion of the Design Review process and prior to the issuance of a Building and/or Development Permit where a Bonus Height has been granted, the applicant shall enter into a Development Agreement with the City that shall include:
- a. Identify the parcel of land to be developed as well as specify the location of the proposed public benefit on site, or off site as determined by Council.
 - b. Include drawings and/or additional information provided by the applicant detailing the proposed public benefit. If necessary, construction drawings, architectural renderings, cost estimates, specifications or schematics may be required to communicate the necessary information.
 - c. Identify the required process and conditions for supervision and acceptance of the proposed public benefit before the work is accepted by the City.
- 3.12.10 The City, at its discretion, shall provide a recommendation from Planning Committee to the CAO and Mayor for the public benefit(s) that should be required for the development pursuing a Bonus Height Application.

3.13 BONUS DENSITY APPLICATION

- 3.13.1 Affordable Housing development(s) are permitted for 20% density increases over and above the applicable zone requirements subject to the following requirements:
- a. All additional units resulting from the density increase(s) must be dedicated for Affordable Housing;

- b. The proposed development(s) must meet all other applicable regulations for permitted uses in the corresponding zone.

3.13.2 In a situation where Affordable Housing dwelling units and Underground Parking are provided in the same development(s), Bonus Density entitlements can be increased to 40% but must adhere to the Regulations for Permitted Uses as defined in the applicable zone.

3.14 DESIGN REVIEW

3.14.1 The Design Review process shall apply to the following Building and/or Development Permit applications for any Affordable Housing development(s) in or outside the 500 Lot Area and properties located within the 500 Lot Area, as defined and described in Appendix H:

- a. New construction of any non-residential use or of a Multi-unit Residential Building;
- b. An increase in an existing Building's footprint or Gross Floor Area by 20 sq. m (215 sq ft) or more, excluding residential properties with less than four (4) Dwelling Units;
- c. A Development application that involves a Subdivision/Consolidation, Major Variance, Bonus Height and/or a Site Specific Exemption.
- d. When in the opinion of the Development Officer a development application that compromises the Character-defining elements of any building in the 500 Lot Area, the application shall be forwarded to the Design Review Board for a recommendation to either direct staff to approve the application or to direct staff to send the application through the Design Review process.

3.14.2 All Development and/or Building Permit applications subject to Design Review shall be accompanied by:

- a. Architectural plans and elevation drawings indicating compliance with this by-law.
- b. The dimensions of the site and location of all proposed and existing Buildings.
- c. Identification, location, and gradients of paved areas including the location and width of Parking Spaces, driveways, entrances and exits to a Parking Lot, maneuvering areas for vehicles, service and Loading Spaces.
- d. The location and details of proposed Landscaped Areas.
- e. Where the application for Development entails any site Alterations, Landscaped Areas, Lot elevation, a detailed grading plan shall also be submitted.
- f. Any additional information related to the site, Buildings, or adjacent properties as may be required by the Development Officer to determine if the proposal conforms to the provisions of this by-law.

3.14.3 Design Review Process

- a. Upon receipt of the completed application and related application fee for a Design Review a Building and/or Development Permit application subject to Design Review shall first be

reviewed by the Development Officer to confirm compliance with all other applicable provisions of this by-law.

- b. Compliant applications shall be forwarded to a Design Reviewer, as appointed as a member of the Design Review Roster. The Design Reviewer shall:
 - i. Conduct a review of the proposed Development for conformance with the intent of this by-law, including the Design Standards for the 500 Lot Area and the criteria for evaluation for Design Review.
 - ii. For Designated Heritage Resources, subject to the regulations of the *Heritage Preservation By-law*, the Design Reviewer shall also review the Heritage Assessment Report prepared by the Heritage Officer.
 - iii. Provide written feedback, comments, and a final recommendation within a specified 10 business day review period. Written comments may be supported by redline markups of the submission.
 - iv. Comments and markups from the Design Reviewer are forwarded to the applicant, and the applicant may revise their submission accordingly. Revised plans may be resubmitted to the City, along with a compliance (secondary) review fee.
 - v. The revised plans are forwarded to the Design Reviewer for the compliance review.
 - vi. If the review is satisfactory, the plans are granted conditional approval.
- c. Notwithstanding any other sections of this by-law, upon conditional approval by the Design Reviewer, applications shall be referred to the Design Review Board.
- d. The Design Review Board shall review the written feedback, comments, and recommendation by the Design Reviewer and shall provide a recommendation on the disposition of the application.
 - i. When the application is jointly supported or rejected by the Design Reviewer and Design Review Board, the disposition of the application shall be determined; and
 - ii. Where the Design Review Board does not support the recommendation of the Design Reviewer than the Design Review Board shall make a recommendation to Council, and Council shall determine the disposition of the application.

3.14.4 The Development Officer and Design Review Board shall review Development and/or Building Permit applications for Alterations and Additions to existing Buildings for compliance with the Design Standards for the 500 Lot Area and shall give further consideration for the following:

- a. The original character of a Building or Structure, the construction and original architectural details;
- b. Use of the same traditional materials already used on the Building of this era;
- c. The scale of any Alterations or Additions to a Building in relation the scale of the original or the existing Building or Structure;
- d. Existing doors and windows, and these existing openings in relation and proportion to others in the Building;

- e. Original door and window casements, sashes, mullions, or muntins, and glazing in doors and windows;
- f. Alterations or Additions to the pitch, direction and arrangement of the roof and whether these are in keeping with the original or existing design of the Building or Structure;
- g. Architectural details which do not need to be changed, removed or replaced; or
- h. The location of any attached or protruding mechanical or Utility Services.

3.15 RECONSIDERATION

- 3.15.1 If a Permit or other approval under this by-law is granted, not granted, or granted subject to conditions and the applicant or an aggrieved person feels the decision is unjustified or unwarranted under this by-law, the applicant or an aggrieved person may seek a reconsideration by Council.
- 3.15.2 An aggrieved person or an applicant wishing to launch a reconsideration shall make known their intention to do so and the grounds or reasons within twenty-one (21) calendar days of the initial decision.
- 3.15.3 Council may review, rescind, change or vary any order or decision made by the Development Officer or by Council provided that:
 - a. New material facts or evidence not available at the time of the initial order or decision have come to light;
 - b. A material change of circumstances has occurred since the initial order or decision; or
 - c. There is a clear doubt as to the correctness of the order or decision in the first instance.
- 3.15.4 A letter shall be sent by ordinary mail explaining the reconsideration request to all Affected Property Owners within 100 m (328.1 ft) of the boundaries of the subject Lot identifying the subject Lot.
- 3.15.5 Council shall hear any request for reconsideration of a decision under this section and Council shall give all interested persons an opportunity to be heard and make a determination on a request for reconsideration.
- 3.15.6 The City is not liable for any Development commenced prior to the lapse of the twenty-one (21) calendar day appeal period.
- 3.15.7 The City shall not consider an application for reconsideration if, at the same time, there is an appeal filed with the Island Regulatory and Appeals Commission; but the City may proceed with reconsideration if the applicant has instructed the Island Regulatory and Appeals Commission in writing to hold the appeal in abeyance, and the Commission has agreed in writing to hold their appeal until the appellant has exhausted the recourse of reconsideration with the City.

3.16 BY-LAW ENFORCEMENT

- 3.16.1 The Development Officer or designate is authorized, with cause, to enter any land, Building, or Structure in the City, provided such entry is not excessive or by force, is at a reasonable time, and is for the purpose of making an inspection or examination relating to this by-law.
- 3.16.2 By-law enforcement may be undertaken by the City in accordance with *Planning Act*.
- 3.16.3 The Development Officer may apply to a Justice of the Peace or provincial Court Judge for an order authorizing entry onto a property in the event that any person refuses or does not Permit an inspection to be carried out pursuant to this by-law.
- 3.16.4 The provincial Court Judge or Justice of the Peace may at any time issue a warrant in the prescribed form authorizing a person named in the warrant to enter and search a Building, receptacle or place if the Provincial Court Judge or Justice of the Peace is satisfied by information on oath that there are reasonable grounds to believe that an offence is being committed and the entry will afford evidence relevant to an offence, and such a search warrant shall name the date upon which it expires which shall be not later than fifteen (15) days after the warrant is issued.
- 3.16.5 In addition to any fine or penalty imposed, the Provincial Court of Prince Edward Island may order the person convicted to Restore the premises or land on which the offence has occurred to its original condition or to the satisfaction of the authority having jurisdiction, unless such restoration will constitute a safety or health hazard.
- 3.16.6 The Supreme Court of Prince Edward Island may, upon application by the City, cease or prohibit by injunction any Development which does not comply with the provisions of this by-law.
- 3.16.7 The City, its officers and employees shall not be liable for any damage caused to any property when acting under the authority of this section.

3.17 BY-LAW OFFENCES

- 3.17.1 Any person who, being the Owner or occupant of any land, Building, or Structure to which this by-law applies, fails to:
- a. remove a Sign;
 - b. comply with the by-law provisions;
 - c. obtain a Permit;
 - d. cease work on or Restore a Building or property to its original condition, when Development has been undertaken; or
 - e. obtain a proper Subdivision approval;

In contravention of this by-law is guilty of an offence and liable under conviction to a fine and, in default of payment, to a term of imprisonment

- 3.17.2 Any person who impedes, attempts to impede, refuses or does not permit inspection of a property pursuant to this by-law shall be guilty of an offence.

- 3.17.3 Where a person convicted under this section fails to commence the restoration ordered within sixty (60) days after the order has been made, the City may take such steps as it deems necessary to Restore or remove the subject matter of the offence at the expense of the Owner.
- 3.17.4 When an offence under this by-law is committed or continued for more than one (1) day, the person who committed the offence is liable to be convicted for a separate offence for each day on which the offence is committed or continued.

3.18 PENALTIES

- 3.18.1 A person, contractor or Owner who violates this by-law is guilty of an offence and liable on summary conviction to a fine not exceeding five thousand dollars (\$5,000) in each case together with the cost of prosecution, and, in default of payment of the fine and costs, to imprisonment for a term not exceeding three (3) months unless the fine and costs together with the costs of enforcing the same are sooner paid.
- 3.18.2 Where the offence is a continuing offence in addition to the penalties provided in this section, such person shall be liable for all costs in immediate removal of such an offence, and the Provincial Judge may impose a penalty not exceeding five thousand dollars (\$5,000) for every day the said offence continues and in default of payment thereof to imprisonment not exceeding thirty (30) days.
- 3.18.3 Where there is default of payment, any person or corporate officer is liable to be imprisoned in accordance with the *Summary Convictions Act*.

3.19 APPEALS

- 3.19.1 A person who is dissatisfied with the administration of the by-law by Council may appeal certain decisions to the Island Regulatory and Appeals Commission in accordance with the *Planning Act*.

4.5.2 No more than one (1) Satellite dish may be placed on the Street-facing portion of a Building or Structure.

4.6 NON-CONFORMING BUILDINGS

- 4.6.1 Where a Building has been Erected on or before the effective date of this by-law, on a Lot having less than the minimum Lot Frontage or Lot Area , or having less than the minimum Setback required by this by-law, the Building may be repaired or renovated provided that:
- a. The repair or renovation does not further reduce the existing Setback that does not conform to this by-law, and in the case of a Demolition, a new Building is constructed within two (2) years; and
 - b. All other applicable provisions of this by-law are satisfied.
- 4.6.2 A Building or Structure shall be deemed to be existing on the effective date of this by-law if:
- a. It was lawfully constructed or under construction on that date; or
 - b. The Building Permit for its construction was in force and effect on that date, but this clause shall not apply unless the construction commenced within twelve (12) months after the date of issue of the Permit and is completed in accordance with the Permit in a reasonable time.
- 4.6.3 If a Building that is non-conforming under the provisions of this by-law is destroyed by a fire, or is otherwise damaged by fire to an extent of 75% or more of the assessed value of the property, it shall not be rebuilt or repaired unless:
- a. It is rebuilt or repaired in conformity with the permitted land uses of this by-law;
 - b. An applicant who loses a Building through fire or demolition can apply to seek a variance to reinstate the property as it existed prior to its removal.
 - c. The rebuilding or repair is in conformity with other requirements of this by-law insofar as is reasonable and feasible; and
 - d. The rebuilding or repair commences within six (6) months of the date of the said destruction or damage.

4.7 BUILDING HEIGHT

- 4.7.1 The maximum Height of a Building may be increased, to accommodate a Structure housing mechanical equipment on a roof if:
- a. The Height of the Structure does not exceed 3 m (9.8 ft) in Height above the Height permitted in the applicable Zone; and
 - b. The Structure is set back from the edge of the roof by 3 m (9.8 ft) as determined by a projections upwards of the walls.

4.8 SETBACK EXEMPTIONS

- 4.8.1 No person shall Erect a Building or Structure on a Lot and have any part of the Building or Structure closer to the Front Lot Line than the minimum Front Yard Setback which is established for the Zone in which it is located, unless the proposed Building is to be located between existing Buildings on adjoining Lots on the same Block and side of the Street, and the adjacent

Buildings have a reduced Front Yard Setback, in which case the minimum Front Yard Setback for the proposed Building shall be that which aligns with the front walls of the adjacent Buildings.

- 4.8.2 When the main entrance of a proposed Building is to be oriented towards the Flankage Yard, then the Rear Yard and Side Yard setbacks may be interchanged.

4.9 STREET ORIENTATION

- 4.9.1 Residential Buildings shall be oriented toward the street with front doors and windows facing the street.

- 4.9.2 All Buildings will be generally aligned with the Street.

4.10 SIGHT TRIANGLE ON CORNER LOTS

- 4.10.1 Notwithstanding any other provisions of this by-law, no Building or Structure shall be Erected on a Corner Lot within 6 m (19.7 ft) of the triangular space included between Street Lot Lines.

- 4.10.2 No Structures or vegetation shall be placed, erected, planted or maintained at a Height over 1.0 m (3.3 ft) on a Corner Lot where it may obstruct the view from a vehicle within 6 m (19.7 ft) of the point of intersection of the Street Lot Lines.

4.11 TEMPORARY STRUCTURES

- 4.11.1 A Building Permit may be issued for a temporary Structure when:

- a. A Building or Structure is accessory to construction in progress, such as a work or construction camp, Modular Dwelling, sales or rental Office, tool or maintenance shed and scaffold.
- b. For a Greenhouse or other seasonal Structure or Building in any Zone where it would not be permitted by this by-law for up to six (6) months.

4.12 ONE MAIN BUILDING ON A LOT

6 GENERAL PROVISIONS FOR LOTS AND SITE DESIGN

6.1 NON-CONFORMING LOTS

- 6.1.1 Notwithstanding any other requirements of this by-law, a vacant Lot shown on a deed as a separate Lot(s) from adjoining parcels on the effective date of this by-law, having less than the minimum Lot Frontage or Lot Area required by this by-law, may:
 - a. Be used for any purpose permitted in the Zone in which the Lot is located provided that all other applicable provisions in this by-law are satisfied; and
 - b. Where all other applicable provisions in this by-law cannot be satisfied, the Development Officer may apply procedures set out in this by-law for the handling of a Variance to the minimum required Rear Yard, Front Yard, Flankage Yard or Side Yard Setback.

6.2 UNDERSIZED LOTS

- 6.2.1 Notwithstanding any other requirements of this By-law:

No Person who owns a Lot held in separate Ownership from adjoining parcels on the effective date of this By-law, having less than the minimum frontage or area required by this By-law, shall be deprived of the ability to make reasonable Use of said Lot in accordance with the zone in which it is located;

6.3 ACCESS TO A PUBLIC STREET

- 6.3.1 No person shall Erect or use a Building or Structure, or use any Lot of land regulated by this by-law, unless the Lot of land to be used, or the Lot of land upon which the Building or Structure is situated or to be situated, abuts or fronts on a public Street.
- 6.3.2 All access to a Lot, both vehicular and pedestrian, shall be safe and where there is concern, an independent assessment by a qualified traffic consultant may be required at the Owner’s expense.
- 6.3.3 The minimum stopping sight distance standard is established based on a vehicle operator approaching an access driveway with an eye level of 1.1 m (3.6 ft) above Grade and being able to see any object larger than 0.4 m (1.3 ft) in Height at an access driveway, and is as follows:

	Designation	Minimum Stopping Sight Distance
i.	Arterial Street	170.0 m (557.7 ft)
ii.	Collector Street	85.0 m (278.9 ft)
iii.	Local Street	45.0 m (147.6 ft)

- 6.3.4 An access to a Corner Lot shall be placed no closer than 15.24 m (50 ft) to the Right-of-way of the intersection or may be permitted at the furthest possible distance from the Street intersection.
- 6.3.5 If an access to a Lot crosses a sidewalk or curb, or requires the removal of a utility pole or fire hydrant, the City shall be notified and may require modifications to be at the Owners expense.

- 6.3.6 No driveway shall be located on or over Utility Services.
- 6.3.7 A Lot may be restricted from having more than one (1) access point to a Street.
- 6.3.8 Access to a Lot through an adjacent Lot may be restricted, where a right-of-way agreement has not been registered.
- 6.3.9 Where there is an intensification of use on a Lot, one (1) or more access points may need to be closed to enhance the safety of the Street access to that Lot.
- 6.3.10 All access locations and curb crossings shall require the approval of the City's Public Works Department or the provincial department responsible for the *Roads Act*, where such Streets or highways are under provincial jurisdiction.
- 6.3.11 The City and/or the Province may restrict or eliminate existing access to a Lot if there are Street improvements necessary or for public safety due to the activities on the Lot.
- 6.3.12 A traffic study may be required for any Development or proposed Subdivision in the City, and it will be reviewed by both the Public Works and the Police Department.
- 6.3.13 Where a Development proposal has the potential to generate substantial increased traffic flow, the Development Officer may require the applicant to obtain an independent traffic analysis and may negotiate an agreement with the applicant for an equitable cost sharing of necessary Street improvements arising from the analysis.
- 6.3.14 No Building and/or Development Permit shall be issued where the proposed Building or Structure, or its Alteration, repair, location or use would be detrimental to the convenience, health or safety of occupants or residents in the vicinity or the general public with regards to traffic access and circulation.
- 6.3.15 A traffic impact study may be required to assess the potential traffic impacts of a proposed Development.

6.4 **GRADE OF SITE**

- 6.4.1 A Surface Drainage Plan shall be:
 - a. Submitted with all Building and/or Development Permits, indicating the existing and proposed Grade elevations of the property relative to the adjoining property(s);

 - c. Prepared by a qualified engineer or landscape architect.
- 6.4.2 A Surface Drainage Plan is not required for the following types of Development applications:
 - a. Hard surfaces including paving when more than 50% of the Lot Area is free and clear of hard surfaces, buildings or Structures.
 - b. Accessory Buildings:
 - i. Under 20 sq m (215 sq ft)

- ii. Replacement of an Accessory Building in the same general area on the Lot as a previous Accessory Building and the drainage direction on the Lot will not change due to the new Accessory Building location or size.
 - iii. With a Setback of at least 4m (13.1 ft) from any Lot Line; or
 - iv. Where the Lot naturally slopes to a Watercourse or an existing drainage area.
- c. New Buildings or Additions to existing Buildings and Structures:
- i. Additions to existing Buildings or existing Accessory Buildings that are under 20 sq m (215 sq ft) in Gross Floor Area and that does not involve an Alteration to the existing Grade surrounding the Addition;
 - ii. Where the Lot naturally slopes to a Watercourse or existing natural drainage area provided a new Building requiring a Parking Lot has had an engineer or landscape architect approve the site plan for storm water drainage; or
 - iii. Where the Development is raised above Grade and will not affect the existing flow for drainage on the site (i.e. built on sauna tubes or piles) and any new hard surfaces associated with the Building (i.e. roof, parking) continues to flow to the drainage area that existing before the Development.

6.4.3 For any Development, the surface drainage on the Lot shall be approved in two stages:

- a. Approval of the proposed Surface Drainage Plan at the time of the approval of the Building and/or Development Permit; and
- b. Approval of the Final Grading Plan, which shall be submitted after the site grading portion of the Development has been completed and which shall be a condition of the approval of an Occupancy Permit, when applicable.

6.4.4 The Development Officer may waive the requirement for a Final Grading Plan as a condition of the final Occupancy Permit during winter months, provided the property has been rough Graded and appropriate siltation measures are in place to mitigate surface water run off or erosion during this period.

6.5 LANDSCAPED AREA

6.5.1 A minimum of ten percent (10%) of the Lot Area on which a Building or Structure is Erected shall be used for no other purpose than Landscaped Area.

6.5.2 Where the minimum ten percent (10%) of the Lot Area for landscaping cannot be provided on the ground level, the remaining required Landscaped Area can be accommodated with a Green Roof as an alternative.

6.5.3 In all Zones where the minimum Front Yard Setback permits, a strip of landscaped area of not less than 3.7m (12ft) in width shall be provided along the frontage of the property but shall not prevent the provision of an access driveway across the strip of land.

6.5.4 In all Zones with the exception of the R-1L, R-1S, R-1N, R-2, R-2S and the A Zones, within the minimum Front Yard Setback, the landscaped area shall consist of trees, shrubs or a

combination of both not less than 3.7 m (12 ft) in width shall be provided along a Lot Line(s) which abut a Street Line and shall adhere to the following conditions:

- a. Comprise a portion of the required ten percent (10%) Landscaped Area and be used for no other purpose thereof;
- b. This provision shall not prevent the provision of an access driveway across the strip of land;
- c. A minimum of one tree per 10m (32.8ft) of site frontage shall be provided;
- d. Required landscaping in the form of trees shall be a minimum of 1.5m (4.9ft) in height with a caliper of at least 55 mm at the time of planting and shall be salt tolerant;
- e. Tree species and planting requirements shall be in accordance with Appendix D: Landscape Standards & Specifications;
- f. A variety of sizes and species of both deciduous and coniferous plants should be provided to provide year-round interest, colour and aesthetic appeal;
- g. Where there are site constraints regarding the planting of trees a landscaping alternative shall be provided in the form of planting beds, ornamental grasses, hard/soft landscaping or a combination thereof;
- h. All private landscaped areas, including shrub and tree plantings shall be completed in accordance with the approved site plan and maintained to a standard as defined at the time of the building permit;
- i. Where there is any outstanding landscaping work that has not been completed as per the approved plans of a development, the Development Deposit shall be forfeited and directed to a fund for public landscaping.

6.5.5 The removal or alteration of any tree located partially or fully on public property shall be in accordance with the City of Charlottetown Tree Protection By-law.

6.5.6 Where landscaping requirements as set forth in this By-law are not met, the Development Security submitted at time of permit shall be forfeited and the funds therein shall be deposited to a Public Tree Reserve Fund to be used for landscaping on public property.

6.6 LAND USE BUFFERS

6.6.1 The provision and Maintenance of a Land Use Buffer between Commercial or Industrial Uses and adjoining Residential Uses shall be required for all new Development, and such a Land Use Buffer shall include one (1) or more of the following features: a berm; a natural area containing a Watercourse or trees; or a man-made feature such as a wall, Fence, or walkway.

6.6.2 Unless otherwise provided for in this by-law, a 4.0 m (13 ft) Land Use Buffer shall be shown on the site plan and constructed along any Lot Line of a Multi-unit Residential, Commercial, or Institutional Building where the said Lot Line abuts a R-1L, R-1S, R-1N, R-2, or R-2S Zone;

6.6.3 Where an Employment/Industrial Development abuts a Residential Zone along a Side or Rear Lot Line, a Land Use Buffer of not less than 8.0 m (26.2 ft) in width shall be shown on the site

plan and constructed along the Side or Rear Lot Line of the Employment/Industrial Development.

- 6.6.4 Where a new Residential Subdivision abuts any Employment/Industrial or CDA Zone, the Subdivision shall include a 4 m (13 ft) Land Use Buffer along the adjoining boundary.

6.7 DEVELOPMENT ABUTTING THE CONFEDERATION TRAIL

- 6.7.1 Where any Development is constructed on land that abuts the Confederation Trail, the Setback distance for a Building or Structure shall be 8.0 m (26 ft) from the Lot Line of the Confederation Trail.

- 6.7.2 Where Outdoor Storage is maintained on land that abuts the Confederation Trail, such storage shall not be located closer than 8.0 m (26 ft) to the Lot Line of the Confederation Trail unless it is suitably screened by a Landscaped Area or an opaque Fence.

6.8 ILLUMINATION

- 6.8.1 No person shall illuminate an area outside any Building unless such illumination is directed away from adjoining Residential properties and adjacent Streets where the light may affect safety for vehicle or pedestrian traffic.

- 6.8.2 If lighting adversely affects adjoining properties, the Owner may be required to take measures such as providing a Landscaped Area and/or shades to correct the problem and/or a timer to shut off the lighting.

- 6.8.3 Where illumination is provided in connection with a Commercial Use, the lighting shall be directed inward on the subject Lot.

6.9 DEVELOPMENT ADJACENT TO WATERCOURSES AND WETLANDS

- 6.9.1 Where part of the Lot Area of a Lot is located within or adjacent to a Watercourse or Wetland, the minimum required Setback shall be measured from the nearest wall of the main Building or Structure to the edge of the Watercourse and Wetland Environmental Buffer, as defined in the regulations of the *Environmental Protection Act* (See Appendix E).

- 6.9.2 Notwithstanding the foregoing required minimum Building Setback, the Development Officer may approve a lesser Setback, if the applicant provides a copy of an approved Watercourse and Wetland Alteration Permit in accordance with the *Environmental Protection Act* and:
- a. The property is located on the Charlottetown Waterfront between the Queen Charlotte Armories and the Hillsborough Bridge;
 - b. The existing Lot or parcel has insufficient Lot Area to reasonably provide the required Setback from the a Watercourse or Wetland;
 - c. There will be no immediate danger to inhabitants of the proposed Building or Structure; and
 - d. Construction can be undertaken without undue erosion or surface runoff to the Watercourse or Wetland.

- 6.9.3 The City may ask for a watershed management plan for the Lot or area when a Development is proposed adjacent to a Watercourse or Wetland.
- 6.9.4 The following uses may be permitted adjacent to a Watercourse or Wetland where they are a permitted Use in the Zone, and if the applicant provides a copy of an approved Watercourse and Wetland Alteration Permit in accordance with the *Environmental Protection Act* of the province:
- a. Boat ramp or launch facility; and
 - b. Marina.
- 6.9.5 When a Building or Structure can be built over water and has the required approvals from federal and provincial governments, the area of the water Lot shall only be counted for the area encompassed by the footprint of the Building or Structure under the provisions of this by-law for Lot Area and all other provisions for the Zone in which the property is located shall be followed.

6.10 UTILITIES AND INFRASTRUCTURE

- 6.10.1 When a property owner connects an existing or proposed Building to a power supply or upgrades an existing power supply, and where the power supply is underground in the public right-of-way or in an easement (public or private), or is buried underground on private property, the property owner shall be required to bury the electrical supply for the connection between the Building (existing or proposed) to the adjacent right-of-way or easement (public or private) or existing buried service to the property.

7 DESIGN STANDARDS FOR THE 500 LOT AREA

7.1 WHERE THESE REGULATIONS APPLY

- 7.1.1 The following regulations shall apply to all Building and Development Permit applications for properties located within the 500 Lot Area, as defined and described in Appendix E.
- 7.1.2 An exemption to the regulations in this Section may be approved by Council, if supported by a recommendation by the Heritage Board for a Designated Heritage Resource or for a property located within a Heritage Preservation Area as defined in the *Heritage Preservation By-law*, when the strict adherence to these regulations may negatively impact the integrity and preservation of the Heritage Resource or Heritage Preservation Area.

7.2 BUILDING ORIENTATION AND CORNER LOTS

- 7.2.1 All Buildings shall have one primary entrance that faces the Street and has direct access to the sidewalk.
- 7.2.2 Buildings on Corner Lots shall:
 - a. Orient to both Street Lot Frontages; and,
 - b. Architectural features shall wrap the corner of the Building and address the corner condition.
- 7.2.3 Street access to individual Attached Residential Units (i.e. townhouses) shall be clearly visible, and the scale, rhythm and articulation of the front façade shall be consistent with the Residential character of adjacent Residential Buildings.

7.3 FRONT FAÇADE HEIGHT AND WIDTH

- 7.3.1 The primary plane of the front façade shall not appear taller than traditional Buildings on the Street, unless the adjacent Building marks an identifiable transition in Building style and/or land use.
- 7.3.2 Building elements that are taller than the primary plane of the front façade shall be designed to contrast that of the lower levels in materials and/or design.
- 7.3.3 A single wall plane on the front facade shall not exceed the maximum façade width of the traditional Buildings on the Street unless the adjacent Building marks an identifiable transition in Building style and/or land use.
- 7.3.4 For larger or wider Buildings, vertical divisions or bays in the façade at a width consistent with the traditional Buildings on the Street shall be clearly articulated.

7.4 BUILDINGS MATERIALS

- 7.4.1 The Front and Flankage facades shall carry a consistent type and quality of materials. Where a Side Yard Setback is greater than 3 m (9.8 ft), the Side facade shall also carry a consistent

material. This clause also applies to the rear façade on a Corner Lot when the Rear Yard is greater than 3 m (9.8 ft).

- 7.4.2 Cement clap-board is not permitted on the Front or Flankage façade of a Building, but may be permitted on the Side or Rear of the Building.
- 7.4.3 Vinyl siding is not permitted on the Front or Flank façade of a Building, but may be permitted on the Side or Rear of the Building.
- 7.4.4 Materials such as plastic, plywood, concrete block, mirrored glass and metal siding utilizing exposed fasteners are not permitted on the Front and Flankage façades of a Building.
- 7.4.5 The appearance of Building materials shall be true to their nature and should not mimic other materials.
- 7.4.6 Where a prohibited material currently exists it may be maintained and replaced as necessary.

7.5 WINDOWS

- 7.5.1 The Front and Flankage facades shall carry a consistent style and material of windows. Where a Side Yard Setback is greater than 3 m (9.8 ft), the Side façade shall also carry a consistent style and material of windows. This clause also applies to the rear façade on a Corner Lot when the Rear Yard is greater than 3 m (9.8 ft).
- 7.5.2 The placement and coordination of windows and doors shall create a balanced facade.
- 7.5.3 Windows on all facades shall vertically and horizontally align with each other and other features of the Structure, when architecturally appropriate for the design of the Building.
- 7.5.4 Sliding (patio-style) doors shall not be permitted on the Front or Flankage side of the Building.
- 7.5.5 For Additions to, or for a Renovation to an existing Structure with:
 - a. Windows with simulated divided lights with a spacer bar, new windows shall also have simulated divided lights with a spacer bar.
 - b. Single or double hung windows, new windows shall also be single or double hung.

7.6 ROOF

- 7.6.1 The expression of the roof shall be clearly distinguished from the rest of the Building through treatments such as step-backs, change in materials, cornices lines, and overhangs when architecturally appropriate for the design of the Building.
- 7.6.2 Front facing sloped roofs shall include accent gables, dormers, and a variation of rooflines.
- 7.6.3 The soffit shall have a consistent overhang typical of the streetscape.

7.7 SECONDARY STRUCTURES ON A ROOF

- 7.7.1 Mechanical penthouses shall be integrated within the architectural treatment of roofs shall be screened from view.

7.7.2 All stacks, gas flues, and roof vents shall not be visible from the Front elevations. Gas flues shall be located near the roof ridge to reduce their Height.

7.7.3 All metal chimneys shall be boxed-in and finished with cladding.

7.7.4 Skylights shall be located on a roof not visible from the Front elevation.

7.8 PORCHES

7.8.1 A Porch shall be deep enough to allow a seating area with a minimum depth of 1.5m (5 ft).

7.8.2 The Height of the Porch roof shall align with that of Porches on adjacent or nearby Buildings, and shall be constructed of materials used elsewhere on the Building.

7.9 LANDSCAPING

7.9.1 A Landscaped Area shall be provided between the sidewalk and the front façade of the Building, where appropriate for a continuous streetscape.

7.10 SURFACE PARKING

7.10.1 Surface Parking is not permitted in the Front Yard Setback.

7.10.2 Driveways may be permitted when they extend into the Side or Rear Yard of the property, or when used to access an Attached Garage.

7.10.3 Shared driveways and Curb Cuts are permitted with adjacent properties, subject to a Right-of-way agreement between property owners.

7.10.4 Shared parking in an interior courtyard with a single access point is permitted, subject to a Right-of-way agreement between property owners.

7.10.5 Curb Cuts shall accommodate single-car access and the single-car width of the driveway shall be maintained until the driveway extends beyond the front facade of the main Building.

7.10.6 A Parking Lot shall not be located in the Front or Flankage Yard.

7.10.7 Where a Parking Lot has more than 6 spaces and is visible from the Street, a Landscaped Area or Fence shall be provided between the sidewalk and the Parking Lot.

7.11 GARAGES AND PARKING STRUCTURES

7.11.1 Attached Residential Garages shall not project closer to the Front Lot Line than the front wall of the main Building.

7.11.2 Attached Residential parking Garages shall be permitted where the width of the Garage is no greater than 50% of the width of the main Building's front façade.

7.11.3 Where a Parking Structure fronts on a Street:

- a. The ground-level façade shall incorporate retail, public or other active uses, as well as provide pedestrian amenities such as an Awning, Canopy, or sheltered entryway; and

- b. The front façade shall be designed to conceal the parking levels and gives the visual appearance of a multi-Storey Building articulated with bays and window openings.

7.12 STOREFRONTS

- 7.12.1 Storefronts and other ground floor non-Residential uses shall have a consistent amount of windows and doors on the front façade as those of traditional Buildings on the Street.
- 7.12.2 Reflective or opaque glazing is not permitted for Retail Storefronts.
- 7.12.3 An identifiable transition shall be provided between the ground floor storefront and the upper floor of a Building. This transition may consist of a change in material, change in fenestration, or similar means.
- 7.12.4 Storefront entrances shall be clearly articulated and shall be located at or near Grade. Split level, raised or sunken entrances are only permitted on Street Frontages with a steep slope and where no other alternative can be feasibly provided.
- 7.12.5 Weather protection for pedestrians is permitted over a storefront entranceway through the use of an Awning or Canopy.

8 ZONES

8.1 ZONES

8.1.1 For the purpose of this by-law, the City is divided into classes of land-use activity Zones, the boundaries of which are depicted on the Zoning Map. Such Zones may be referred to by the appropriate symbols as follows:

	Land Use Category	Land use Zone	Symbol
a.	Residential	i. Single Detached	R-1L
		ii. Single Detached	R-1S
		iii. Narrow Single Detached	R-1N
		iv. Manufactured Housing	MH
		v. Low Density	R-2
		vi. Low Density Single	R-2S
		vii. Medium Density	R-3
		viii. Medium Density Townhouse	R-3T
		ix. Apartment	R-4
		x. Apartment – A	R-4A
		xi. Apartment – B	R-4B
		xii. Medium Density Mixed Use	MUR

10.3 ACCESSORY AND SECONDARY USES

10.3.1 Notwithstanding the requirements, the following are permitted as accessory or secondary uses:

- a. Secondary Suite;
- b. Accessory Building;
- c. Garden Suite;
- d. Home Occupation;
- e. Tourist Accommodations; and
- f. Home Daycare

11 NARROW SINGLE DETACHED RESIDENTIAL ZONE (R-1N)

11.1 PERMITTED USES

11.1.1 Single-detached Dwelling; and

11.1.2 Modular Dwelling

11.2 REGULATIONS FOR PERMITTED USES

	Interior Lot	Corner Lot
1 Lot Area (Minimum)	325 sq. m (3,498.3 sq ft)	418 sq. m (4,499.3 sq ft)
2 Lot Frontage (Minimum)	10.6 m (34.8 ft)	15.2 m (49.9 ft)
3 Front Yard (Minimum)	6.0 m (19.7 ft)	6.0 m (19.7 ft)
4 Rear Yard (Minimum)	6.0 m (19.7 ft)	6.0 m (19.7 ft)
5 Side Yard (Minimum)	1.83 m (6 ft)	1.83 m (6 ft)
6 Flankage Yard (Minimum)		6.0 m (19.7 ft)
7 Height (Maximum)	11.0 m (36.1 ft)	11.0 m (36.1 ft)

11.3 ACCESSORY AND SECONDARY USES

11.3.1 Notwithstanding the requirements, the following are permitted as accessory or secondary uses:

- a. Accessory Building;
- b. Home Occupation; and
- c. Home Daycare

11.4 UNDERGROUND UTILITIES

11.4.1 Any property Zoned R-1N shall be required to install underground Utility Services.

12 MANUFACTURED HOUSING ZONE (MH)

12.1 PERMITTED USES

- 12.1.1 Single-detached Dwelling;
- 12.1.2 Modular Dwelling;
- 12.1.3 Mini-home Dwelling; and
- 12.1.4 Community Building

12.2 REGULATIONS FOR PERMITTED USES

		Interior Lot	Corner Lot
1	Site Area (Minimum)	465 sq. m (5,005.42 sq ft)	540 sq. m (5,812.5 sq ft)
2	Site Frontage (Minimum)		
	End-on Sites	12 m (39.4 ft)	15 m (49.2 ft)
	Front on Sites	29 m (95.1 ft)	29 m (95.1 ft)
3	Front Yard (Minimum)	6.0 m (19.7 ft)	6.0 m (19.7 ft)

6	Flankage Yard (Minimum)		6.0 m (19.7 ft)
7	Height (Maximum)	10.0 m (32.8 ft)	10.0 m (32.8 ft)

- 12.2.1 A Mini-home/Modular Dwelling Development or Mini-home/Modular Dwelling Subdivision shall be located on a designated site that is not less than 3.0 hectares (7.41 acres) in Lot Area.
- 12.2.2 Mini-home or Modular Dwelling Developments shall not have a density greater than 20 units per hectare.
- 12.2.3 Private streets within a Mini-home or Modular Dwelling Development shall have a minimum paved surface width of 7.3 m and have an overall Right-of-way width of 10.7 m (35.1 ft)
- 12.2.4 All sites shall be connected to Municipal Services.
- 12.2.5 The entire undercarriage of a Mini-home shall be skirted with an opaque material.
- 12.2.6 A storm water management plan shall be required for a Mini-home or Modular Dwelling Development. Storm water shall be managed through the use of a storm water system.

12.3 LANDSCAPED AREA

- 12.3.1 In addition to the minimum Landscaped Area requirements, a minimum 6 m (19.7 ft) wide Landscaped Area shall be maintained along all property lines. This strip shall be planted with deciduous and conifer trees and shrubs. Such vegetation shall be a minimum of 1.5 m (4.9 ft) in Height at the time of planting and shall be spaced no greater than 5 m (16.4 ft) apart, to the satisfaction of the Development Officer.

12.3.2 A Landscaped Area plan for a Mini-home or Modular Dwelling Development shall be submitted to the City having consideration for the following:

- a. Trees and other vegetation;
- b. Natural areas;
- c. Elevations of the land;
- d. A Land Use Buffer areas along the perimeter of the Mini-home, Modular Dwelling Development; and
- e. Walkways or Open Space area for general use by residents.

12.4 **ACCESSORY AND SECONDARY USES**

12.4.1 Notwithstanding the requirements, the following are permitted as accessory or secondary uses:

- a. Accessory Building;
- b. Home Occupation; and
- c. Home Daycare

13 MANUFACTURED HOUSING RESIDENTIAL ZONE (MHR)

13.1 PERMITTED USES

- 13.1.1 Single-detached Dwelling;
- 13.1.2 Modular Dwelling;
- 13.1.3 Mini-home Dwelling;

 - iv. impact of a Parking structure on the adjoining residential areas

41.2.3 Council may, at its discretion, call a public meeting to consider input from the public on any proposed Parking Structure.

42 COMPREHENSIVE DEVELOPMENT AREA (CDA)

42.1 PERMITTED USES

- 42.1.1 Uses permitted in a CDA Zone shall be those approved by Council and may include any uses or mix of uses permitted in any Zone of this by-law and innovative mixed-use Developments
- 42.1.2 Council shall give due consideration to other sections of this by-law, but Council may approve any use or Development in a CDA Zone which it deems to be in the public interest notwithstanding all other sections of this by-law but only after following the procedures set out in this section.

42.2 DEVELOPMENT CONCEPT PLAN

- 42.2.1 Development within a CDA Zone shall be subject to the approval by Council of a Development Concept Plan and any attached schedule and the applicable Development Agreement entered.
- 42.2.2 Appendix B of this by-law comprises a list of approved properties in the CDA Zone and their permitted uses.
- 42.2.3 No Development consisting of new Buildings or the Demolition or relocation of Buildings shall take place in a CDA Zone until a Development Concept Plan has been proposed and adopted by Council.
- 42.2.4 The Council, before approving a Development Concept Plan, shall consider the following:
 - a. The maintenance of design standards of the proposed Buildings and their acceptability with respect to land uses and the character and scale of existing and proposed Development in the vicinity;
 - b. The quality of architectural design of all proposed Buildings, their compatibility with the architectural character of adjacent Development
 - c. The preservation of existing site features of unique quality and the preservation of the natural beauty of the area;
 - d. The proposed type of ownership;
 - e. The proposed population density of the area, the adequacy of Landscaped Areas, Building form, Parking, pedestrian walkways, Streets, Municipal Services; and
 - f. Any other factors as recommended by Planning Board.
- 42.2.5 Applicants for Development approval in the CDA Zone may put forward Development Concept Plans, and such Development Concept Plans, if approved by Council, shall serve as the elements of a Development Concept Plan for the portion of the Zone in which they are situated.
- 42.2.6 Subsequent to approval of the Development Concept Plan, the working site plan and buildings shall be approved on the recommendation of Planning Board for each Phase within the CDA Zone provided it is, in the opinion of Council, consistent with the overall Development Concept Plan and any schedule attached thereto.

42.2.7 Before Council approves or amends a Development Concept Plan in a CDA Zone, a public meeting shall be called in the same manner, *mutatis mutandis*, as if an amendment to this by-law were being considered.

42.2.8 Changes to a Development Concept Plan that do not change the approved intent of the use or Lot such as minor Additions to a Building, a Lot Subdivision or consolidation will not be considered an amendment to the Development Concept Plan and may be approved by the Development Officer.

42.3 REQUIREMENTS

42.3.1 A Development Concept Plan shall comprise no less than 1.2 hectares (3 acres) in one (1) contiguous area unless it constitutes an expansion of an existing Development Concept Plan.

42.3.2 A Lot that is less than 1.2 hectares (3 acres) and existed prior to the effective date of this by-law may submit a Development Concept Plan.

42.4 AGREEMENTS

42.4.1 Upon approval of the Development Concept Plan by Council, the Development Concept Plan may be accepted by Council resolution as all or part of a Secondary Plan.

42.4.2 The Council shall require the applicant to enter into a Development Agreement incorporating the terms of the Development Concept Plan setting out the responsibilities on the part of the applicant and Council, and Council may require such security as may be acceptable to Council for items as shown on the Building or site plan(s).

46 GENERAL PROVISIONS FOR SUBDIVIDING LAND

46.1 SCOPE

- 46.1.1 These provisions for subdividing land shall be the minimum requirement for the protection of public health, safety, and welfare, and are intended to protect the public and provide a wholesome community environment, adequate Municipal Services and safe Streets.
- 46.1.2 This section shall not apply to any Lot or Lots forming part of a Subdivision created and recorded prior to the effective date of this by-law, nor is it intended to repeal, abrogate, annul or in any way impair or interfere with Existing provisions of other By-laws or regulations, except those specifically repealed by this by-law; or with private restrictions placed upon property by deed, covenant, or other private agreement; or with restrictive covenants running with the land to which the City is a party.
- 46.1.3 Where this by-law imposes a greater restriction upon land than is imposed or required by earlier Existing provisions of law, regulation, contract or deed, the provisions of this by-law shall supersede those imposed by other legislation or agreement.

46.2 SERVICING

- 46.2.1 Where Municipal Services are available in the opinion of the Manager of Public Works, no Subdivision approval shall be issued except where the Subdivision is provided with such services.
- 46.2.2 The Development Officer shall not approve a proposed subdivision until the applicant constructs all municipal services required for any public or private street(s), shown on a subdivision plan. The applicant has the option of constructing the Future street(s) or posting a bond guaranteeing its/their construction.
- 46.2.3 All future and Undeveloped Streets must be serviced in a manner whereby they can be either developed to a standard whereby they can be accepted by the municipality as a public or private street prior to any subdivision approval.

46.3 SUBDIVISION AND CONSOLIDATION OF LOTS

- 46.3.1 No person shall subdivide a Lot, tract, or parcel of land or consolidate two (2) or more Lots, tracts or parcels of land except as provided herein and in conformity with this by-law and the *Province Wide Minimum Development Standards* as per the *Planning Act* and where there is lack of clarity the Province shall be consulted.
- 46.3.2 Preliminary Subdivision or Lot consolidation approval shall be required before an application for final approval and:
- a. The Development Officer may waive the requirement for preliminary subdivision or Lot consolidation approval for subdivisions of four (4) lots and under;
 - b. Every person proposing to subdivide or consolidate land shall first apply to the Development Officer for preliminary approval prior to a land surveyor pinning the Subdivision or

consolidation on the ground. The proponent shall submit four (4) copies of the preliminary plan of the proposed Subdivision;

- c. such application shall meet the requirements as stated in this subsection as well as the Provincial Minimum Lot Size Standards;
- d. when the Development Officer is satisfied that an application and preliminary Plan of Subdivision or Lot consolidation are complete, and when the Development Officer deems it appropriate, the applicant shall forward a copy of the preliminary plan to any other department or agency of the Province or City or to the Planning Board which the Development Officer deems necessary;
- e. unless the preliminary Plan of Subdivision or Lot consolidation is clearly contrary to laws, By-laws, or regulations of the Province or City, approval may not be refused or withheld as a result of the assessment or recommendations made by departments or agencies to which it is circulated;
- f. the Development Officer shall review such application and shall advise the applicant in writing within fourteen (14) calendar days from the receipt of such application that the Subdivision or consolidation proposal has received preliminary approval or that it cannot be approved under the provisions of this by-law and/or the Provincial Minimum Lot Size Standards;
- g. the Development Officer may, where a Lot or Lots are subdivided from a parent parcel, waive the requirement for a survey of any remnant parcel which is greater than 0.6 hectares (1.5 acres);
- h. preliminary approval of any proposed Subdivision or consolidation shall not be construed as final approval of such Subdivision or consolidation for land registration purposes or for legal conveyance; and
- i. preliminary approval shall be effective for a period of twelve (12) months unless, upon application, an extension is granted. If an application for final approval is not tendered to the Development Officer within this period of time, an application for preliminary approval shall be resubmitted.

46.3.3 Preliminary plans of Subdivision or Lot consolidation submitted to the Development Officer shall:

- a. be drawn to a minimum scale or scales sufficient for clarity of all particulars on the preliminary Plan of Subdivision;
- b. be based on a boundary survey of the property to be subdivided;
- c. be folded to approximately 20 cm (7.9 in.) by 30 cm (11.8 in.) with the face of the folded print being the title block which is located in the lower right hand corner of the preliminary Plan of Subdivision;
- d. include a digital copy of the survey plan, DXF file format in ATS77 P.E.I. Stereographic Projection; and

E-9 and any regulations or amendments thereto, showing the erosion control measures on lands that drain directly into streams, rivers, harbours, or any Existing Watercourses;
- xix. the location of Existing and proposed Municipal Services, and the proposed connections thereto;
- xx. the identification, location, dimensions, and area of land proposed to be reserved for Park, playground, and similar public purposes;
- xxi. the width, location, and nature of any Easements or rights-of-way affecting the area of land proposed to be subdivided;

- xxii. the north arrow or point;
- xxiii. the date on which the preliminary Plan of Subdivision was drawn, and the date of any revisions;
- xxiv. the location of any Watercourse, prominent rock formation, slope which is greater than eight (8) degrees, area subject to flooding, and any other prominent natural or environmentally sensitive features which might affect the orientation of Buildings or the layout or provision of public Streets and Municipal Services to the area where the Subdivision is to be located;
- xxv. a boundary survey of the area of land proposed to be subdivided, with the remainder Lot shown on the plan with dimensions, certified and stamped by a P.E.I. land surveyor in the manner required by the P.E.I. Land Surveyors Act and any regulations or amendments thereto; and
- xxvi. any other information which the Development Officer deems necessary to determine whether a preliminary Plan of Subdivision conforms to this by-law.

46.3.4 Final approval of a Subdivision or Lot consolidation shall be subject to the following requirements:

- a. The Development Officer may grant final approval to Subdivisions which comply with this by-law and the Provincial Minimum Lot Size Standards, and give approval for Lot consolidations where a Dwelling may be constructed in a R-1 or R-2 Zone;
- b. An application for final Subdivision approval or a consolidation of two (2) Existing Lots into one (1) large Lot may be submitted to the Planning Board by the Development Officer for review;
- c. Eight (8) copies of the final plan of the proposed Subdivision shall be submitted;
- d. When the Development Officer or Planning Board is satisfied that an application and final Plan of Subdivision are complete, a copy of the application and final Plan of Subdivision may be circulated to any department or agency of the Province or the City as is deemed necessary;
- e. Unless the final Plan of Subdivision or Lot consolidation is clearly contrary to laws, By-laws, or regulations of the Province or the City, approval may not be refused or withheld as a result of the assessment or recommendations made by departments or agencies to which it is circulated;

46.3.5 Notice to property owners within 100 m (328 ft) of the subject property is required to consolidate properties in the R-3 and R-4 Zones.

46.3.6 The Council shall make the final decision on the application and if the application for a consolidation is refused, the Development Officer shall notify the applicant in writing of the decision and the reason for refusal within fourteen (14) calendar days.

46.3.7 Final plans of Subdivision shall:

- a. be drawn to a minimum scale or scales sufficient for clarity of all particulars on the final Plan of Subdivision;

- b. be stamped by a P.E.I. land surveyor who shall certify that the Lots for which approval is requested have been surveyed in the manner required by the *P.E.I. Land Surveyors Act* and any regulations and amendments thereto;
- c. be folded to approximately 20 cm (7.9 in.) by 30 cm (11.8 in.) with the face of the folded print being the title block which is located in the lower right hand corner of the Plan of Subdivision;
- d. The Owner shall show in the case of a subdivision of more than four (4) Lots and where new Streets are to be constructed, an overall surface water plan. This plan or a new plan shall show for each Lot, proposed top of foundation elevations for all new main Buildings to be Erected on a Lot.
- e. show the following information:
 - i. name of the Subdivision, if any, and the name of the Owner of the area of land;
 - ii. names of all Owners or the Lot identifiers of all properties abutting the area of land proposed to be subdivided;
 - iii. a location map, drawn to a scale no smaller than 1:50,000 with such scale to be shown on the map, preferably with the same orientation as the area of land;
 - iv. identify the type of street (public, private, future or undeveloped) including the length of the boundaries of all Existing and proposed Lots, Streets, Right-of-ways and Easements including the length or arc, points or curvature and radius in the case of curved lines;
 - v. a clear space for stamping by the City measuring at least 10 cm (3.9 in.) by 10 cm (3.9 in.);
 - vi. the dimensions of the area of land to be subdivided;
 - vii. the shape, dimensions, and area of Lots, Blocks, and the remainder Lot, if any, and the Provincial Property Identification Number (PID #) of the parent Lot;
 - viii. each proposed Lot individually identified without duplication of Lot identifiers, and where a parcel is being added to or subtracted from an Existing Lot or where a Lot shown on a Plan of Subdivision is being divided, the proposed Lot or Lots shall be identified by the Existing Lot identifier and a letter;
 - ix. locations of all existing main Buildings on the area of land proposed to be subdivided with the graphic location for all Buildings within 10.0 m (32.8 ft) of either side of the boundaries of the proposed Lot;
 - x. the width and location of all rights-of-way and Existing and proposed public Streets including intersections and turning circles, and these shall meet the City requirements for snow removal and fire protection services;
 - xi. the identification, location, dimensions, and area of land proposed to be reserved for Park, playground, and similar public purposes;
 - xii. the width, location and nature of any Easements or rights-of-way affecting the area of land proposed to be subdivided;

- xiii. north arrow or degree;
- xiv. the location of any Watercourse, prominent rock formation, slope which is greater than eight (8) degrees, area subject to flooding, and any other prominent natural or environmentally sensitive features which might affect the orientation of Buildings or the layout or provision of public Streets, Municipal Services to the area where the Subdivision is to be located;
- xv. the date on which the final Plan of Subdivision was certified, with all revisions to be identified, dated, and initialled;
- xvi. where the Subdivision was Designed by an individual or firm other than the professional land surveyor who has certified the final Plan of Subdivision, the name of such individual or firm and the nature of the work performed shall be shown in the title block of the final Plan of Subdivision; and
- xvii. any other information which the Development Officer deems necessary to determine whether a final Plan of Subdivision conforms to this by-law.

46.3.8 In addition to the requirements set out in this subsection, the drawings shall show the location and dimensions of Existing Municipal Services to which the proposed underground systems for the Subdivision will connect.

46.3.9 An Applicant who proposes to lay out and construct Streets or install public services on lands that drain directly into lakes, streams, rivers, or any Existing Watercourses shall submit a drainage plan and an erosion control plan that complies with the City's specifications and meets the requirements of the *Environmental Protection Act* R.S.P.E.I. 1988, Cap. E-9, and any regulations or amendments thereto.

46.3.10 An Applicant shall be required:

- a. to pay the cost of preparing a traffic study, where required, in accordance with terms of reference and standards established by the Development Officer from time to time;
- b. to pay all or any part of the cost of:
 - i. upgrading any existing Street (public, private, future, undeveloped) which does not meet City service standards and forms part of the proposed Subdivision or which provides Street access and egress to the Subdivision;
 - ii. constructing any new Streets within the proposed Subdivision;
 - iii. constructing a new Street which meets City standards or upgrading an existing Street to City standards in order to connect the proposed Subdivision to an existing Street in the vicinity of the proposed Subdivision which meets City standards;
 - iv. access points or upgrading the existing Street network in the vicinity of the proposed Subdivision including, but not limited to, traffic signals, widening of intersections and access turning lanes.

46.3.11 Final approval of Subdivision shall not commit the City to extending or connecting Municipal Services to that Subdivision.

- 46.3.12 Where an existing Street does not meet City standards, or Municipal Services are not installed to serve an existing Street, the Council shall require the Applicant, Owner, as the case may be, to enter into a Subdivision Roads and Services Agreement which provides that the Applicant, Owner, as the case may be, shall, where required, pay the cost of a traffic study, upgrading of Streets to City standards and the installation of Municipal Services including the acquisition of any land, Easement or Right-of-way required for Street or Municipal Services purposes.
- 46.3.13 The City shall not be committed to extend or connect Municipal Services until the Applicant enters into a “Subdivision Roads and Services Agreement” which outlines the terms for the installation of public services and construction of public Streets and the extension or connection of Municipal Services as follows:
- a. The Subdivision Roads and Services Agreement shall be accompanied by detailed engineering design drawings for the construction of public Streets, which are prepared in accordance with the City’s specifications and Signed and stamped by a qualified Professional Engineer licensed to practice on P.E.I.;
 - b. The Subdivision Roads and Services Agreement shall be accompanied by detailed engineering design drawings for the Municipal Services to be installed, which are prepared in accordance with the City’s specifications and stamped by a qualified Professional Engineer licensed to practice on P.E.I.; and
 - c. The Subdivision Roads and Services Agreement, where there are sidewalks, pedestrian walkways, Right-of-ways, Street lighting, curbs, traffic Signals or other Municipal Services in the area shall include this as part of the detailed engineering design in accordance with any City specification and the drawing shall be stamped by a qualified Professional Engineer licensed to practice on P.E.I.

46.4 APPROVAL NOTIFICATION

- 46.4.1 The Development Officer shall approve a Plan of Subdivision or consolidation where it meets the requirements of this section.
- 46.4.2 When a Plan of Subdivision has been approved, the Development Officer (or Designate) shall affix a stamp with the City of Charlottetown crest and his or her Signature and date approved to the plan and the following statements may form part of the stamp. As well, the Development Officer may attach other written notices or conditions to the approval (eg. Lot must be consolidated with adjoining Lot, previous Plans were registered, Municipal Services are not available, deeds must reflect this Plan, no Building on this Lot).

“This final Plan of Subdivision is approved for Lot(s) _____ and has been approved on _____ and forwarded to be registered in the Queens County Registry Office.” or

“This preliminary Plan of Subdivision is approved for Lot(s) _____ on _____, and no sale of Lots may occur until a final Plan of Subdivision is approved and a ‘Subdivision Roads and Services Agreement’ is Signed.”

46.5 ENFORCEMENT

- 46.5.1 Recording of Plan: no Plan of Subdivision shall be entitled to be recorded in the City of Charlottetown or Queens County Registry Office, or have any validity, until it has been approved in the manner prescribed herein. In the event an unapproved plan is recorded, it shall be considered invalid and the City shall institute proceedings to have the plan stricken from its records.
- 46.5.2 Sale of Land in Subdivision: no Owner, or agent of the Owner, of any land located within a Subdivision shall transfer, sell, agree to sell, or negotiate to sell any land by reference to, exhibition of, or by the Use of a Plan of Subdivision before such plan has been approved and recorded in the manner prescribed herein. Any sale or transfer contrary to the provisions of this subsection of the By-law is, at the City's option, voidable and shall allow the City to apply to a court of competent jurisdiction for equitable relief. The description of such Lot or parcel by metes and bounds in the instrument of transfer, or other documents used in the process of selling or transferring, shall not exempt the transaction from the provisions of this by-law.
- 46.5.3 Public Improvements: the City and the authority approving Municipal Services hereby state that all public improvements will be withheld, including the Maintenance of Streets and supplying water and wastewater service, from all Subdivisions which have not been approved and from all areas dedicated to the public which have not been accepted by the Council in the manner prescribed herein.
- 46.5.4 Revision to Plan after Approval: no changes, erasures, modifications, or revisions, shall be made in any plan or a Subdivision after approval has been given (approval stamp and Signed) by the City unless said plan is first re-submitted to the City for approval.

46.6 GENERAL PROVISIONS FOR SUBDIVISION

- 46.6.1 Streets: there are four types of streets that exist within the City as defined in definition section and include Public Streets, Private Streets, Future Street, and Undeveloped Streets.
- a. Private streets that existed and were approved prior to July 2020 shall be permitted to exist and building permits may be approved on these private streets but no future private streets shall be approved for subdivision or development after this date.
 - b. Existing private streets must be suitable and safe for emergency vehicles such as police, fire and ambulance services.
 - c. Services such as: water and sewer, electricity and telecommunications must be adequately provided and accommodated for the development located on an existing private street.
 - d. The existing private street must provide safe and convenient public and private pedestrian and vehicular access.
- 46.6.2 All subdivision proposals or requests to build on property must provide Frontage on a public, future, or Undeveloped Street that meets all servicing standards as prescribed by the municipality which includes, roads or other street designations designed for the passage of

vehicles and pedestrians, and which is accessible by fire department and other emergency vehicles.

- a. Where multiple accesses on an existing or proposed public street are not deemed appropriate in the interest of safety, subdivisions for Residential Development may be designated with rear lane access driveways. Rear lane access driveways must meet the requirements for the passage and accessibility of emergency vehicles.

46.6.3 An Applicant who proposes to subdivide an area of land shall lay out and construct all proposed Public Streets as shown on the plan of subdivision; All future and Undeveloped Streets must be serviced and developed at the cost of the developer in a manner where they can be accepted by the municipality as a public street.

46.6.4 Streets shall not run perpendicular to slope gradients where steep Grades may result. The Grade of a proposed public Street shall be a maximum of 8.0 degrees with 4.0 degrees being the maximum for 30 m (98.4 ft) from the intersection of two (2) centre lines. The minimum Grade of any Street shall be 0.5 degrees. All proposed public Streets shall have a 2.0 degree crown along the centre line;

46.6.5 all Streets shall be designed specifying adequate water drainage. Work shall be certified by a Professional Engineer qualified to practice in the Province of Prince Edward Island;

46.6.6 turning circles of at least 20.75 m radius(42.5 m diameter) for streets with piped storm shall be provided on all cul-de-sacs. Temporary turning circles of the same radius as indicated above shall be provided on any dead-end Street intended for extension at a future date, or the Manager of Public Works may approve a T-type or branch type turnaround. No turning circle shall terminate at an adjacent Street;

46.6.7 cul-de-sacs may be used to develop odd-shaped parcels and shall be properly oriented to facilitate drainage. The Use of cul-de-sacs, however, shall be discouraged where Street Maintenance or provision of services becomes hampered;

46.6.8 the maximum length of a cul-de-sac shall be that which the Public Works and Fire Department of the City approve;

46.6.9 all pedestrian walkways shall have a width of at least 1.5 m (4.9 ft) which shall be composed of a dust-free surface which is either gravel, concrete or paved materials, and this shall be 1 m (3.3 ft) from the travelled portion of a Street;

46.6.10 all Lots on a final Plan of Subdivision shall abut a public Street;

46.6.11 a proposed public Street shown on a final Plan of Subdivision shall have a minimum Right-of-way of 18.3 m (60.0 ft) unless otherwise approved for infill residential subdivision upon the review of the City's Public Works, Fire and Utility Departments;

46.6.12 a public Street, unbroken by an intersection, shall not exceed 365 m (1,197.5 ft) in length unless it would prejudice the proper Subdivision of land or adjoining land;

46.6.13 there shall be no more than four (4) public Street approaches in an intersection;

46.6.14 all intersecting Streets must intersect at an angle of 70 to 90 degrees for a minimum distance of 30 m (98.4 ft) from the intersection measured from the respective centre lines;

46.6.15 where a public Street in an adjoining Subdivision abuts the boundaries of a Plan of Subdivision submitted for approval, the public Street in the latter shall, if reasonably feasible, be laid out in prolongation of such public Streets unless it would be in violation of the By-law;

46.6.16 all Public Streets shall be deeded to the City after commencement of sewer and all required servicing work is complete or the necessary security is provided in a subdivision agreement;

- a. all Future streets will be deeded to the City as required by master plans (at the time of subdivision approval for the subject area) with the understanding that no subdivision or Development will be permitted on such street until the street is fully serviced to all required City standards by the applicant at the time of Development.
- b. Rights of way that are deeded to the City or existing Undeveloped Streets shall not be permitted for subdivision or Development until the street is fully serviced by the applicant to all required City standards prescribed by By-law at the time Development is proposed.
- c. the cost of paving, engineering, and construction of all street types shall be paid in full by the Applicant;
- d. the Council reserves the right to name Public Streets within the City; and
- e. the cost of all Street lighting shall be borne by the Owner of the Subdivision.
- f. The Public Works Department of the City may update their Right-of-way requirements from time to time and these newer standards shall be in effect as of the date the Public Works Committee approve them.

46.7 LOT CONFIGURATIONS

46.7.1 wherever possible, Side Lot Lines shall be substantially at right angles to a public Street or radial to a curved public Street; and

46.7.2 wherever possible, the Rear Lot Lines of a series of adjoining Lots shall be continuous and not stepped or jogged.

46.8 WATER, SEWER, AND OTHER SERVICES:

46.8.1 water and sewer plans shall be submitted to the City for approval of the Utilities Department;

46.8.2 the cost of water and sewer installation shall be required to be borne by the person subdividing or developing land;

46.8.3 a person who proposes to subdivide an area of land in the City shall install a public water system for the area of land proposed to be subdivided;

46.8.4 the public water system shall include mains and laterals to the boundaries of the proposed Lots, and the system shall be designed by a Professional Engineer and comply with the City's specifications;

46.8.5 a person who proposes to subdivide an area of land in the City shall install a public sanitary sewer system for the area of land proposed to be subdivided;

- 46.8.6 the public sanitary sewer system shall include collectors and any laterals to the boundaries of the proposed Lots, and the system shall be designed by a Professional Engineer and comply with the City's specifications;
- 46.8.7 a person who proposes to subdivide an area of land in the City shall install a public storm sewer system for the area of land proposed to be subdivided unless waived by the City where there is no connection to an available piped storm system, or where surface drainage such as ditches, swales, holding ponds, silt traps, and the like of the Subdivision does not present undue stress on the environment;
- 46.8.8 the public piped storm sewer system shall include collectors and laterals to the boundaries of the proposed Lots, and the system shall be designed by a Professional Engineer and comply with the City's specifications. Where possible, the Applicant of the Subdivision shall be encouraged to incorporate swales in the design of the public storm sewer system;
- 46.8.9 the public storm sewer system shall be designed to discharge into Existing streams and brooks utilizing natural run-off channels. Connections may only be made to Existing storm sewers with prior approval from the City, and approval shall only be refused if the Existing storm sewer is inadequate; and
- 46.8.10 Approved Public Streets and Private Streets shall include all Roadway culverts and drainage ditches, Easements, pedestrian walkways and shall be designed by a Professional Engineer and comply with the City's specifications.

46.9 LAND FOR PUBLIC PURPOSES:

- 46.9.1 The City, at its discretion, shall accept one of the following or a combination of the following:
- a. any person who subdivides more than one (1) Lot from the parent parcel as of the date of this by-law in the City shall set aside and convey to the City an amount of land which is acceptable to the City, equal to ten percent (10%) of the land to be subdivided for public purposes; or
 - b. in lieu of setting aside land for public purposes, the Council may accept payment to the City of money equal to ten percent (10%) of the fair market value of the Lots severed for Subdivision.
- 46.9.2 Any person who subdivides land may be required to dedicate a portion of the Environmental Buffer as defined in the *Environmental Protections Act* adjacent to a Watercourse or Wetland for Open Space as may be determined by the City through the Subdivision approval process.

46.10 PERFORMANCE GUARANTEES AND CONVEYANCE OF PUBLIC SERVICES

- 46.10.1 The Applicant shall satisfy the requirements of Subdivision approval by entering into a Subdivision agreement as follows:
- a. the Applicant shall agree by Subdivision agreement to install the required systems as stipulated by the City, which may include: Streets, sidewalks, water supply, sewage collection, fire hydrants, storm drainage, Street lighting, curbing, Landscaped Areas and traffic control systems, and the Owner shall deposit with the Chief Administrative Officer

cash, a certified cheque, indemnity, or other security acceptable to the Chief Administrative Officer which shall be sufficient to cover 25% of the estimated installation costs of the required systems, and such estimates shall be subject to the approval of the Director of Public Services;

- b. an agreement entered into between the City and the Owner shall be executed in triplicate, Signed by the mayor and Chief Administrative Officer on behalf of the City and by the Owner;

46.10.2 The agreement shall contain terms with respect to:

- a. commencement and completion dates for construction of public Streets and installation of public water, sanitary and storm sewer systems or other systems;
- b. provision of general automobile liability insurance;
- c. description of the work to be carried out within the Subdivision;
- d. furnishing of security to the City as faithful performance Maintenance of the proposed work;
- e. such phasing as may be agreed upon by the Owner and the City;
- f. the provision and acceptance of Easements and rights-of-way associated with the public Streets and underground systems; and
- g. any other matter required by the provisions of this by-law.

46.10.3 The Owner who is responsible for the construction of public Streets and the installation of public water, sanitary and storm sewer systems shall:

- a. arrange and pay for engineering design specifications for the public Streets, public water, sanitary and storm sewer specifications of the City;
- b. arrange for complete testing of the systems and shall advise the City of proposed test dates, sites, and times;
- c. arrange for service installation inspection; and
- d. allow the City to inspect the construction and installation at any stage.

46.10.4 Following construction and installation of the required services, and before acceptance by the City of the public Streets, water, sanitary and storm sewer systems, the Owner shall:

- a. provide "as built" reproducible engineering drawings for all public systems which shall be stamped and Signed by a Professional Engineer. Included with the "as built" plans shall be a digital plan copy, DXF format in ATS77 PEI Stereographic Projection;
- b. provide all operating and procedural manuals for each public water or sanitary or storm sewer system;
- c. provide the results of all required test reports of the public systems demonstrating that they have been constructed and are operating according to the Standards of the agreement and this by-law;

- d. provide all Easements and rights-of-way associated with the public Streets and underground systems; and
- e. post a Maintenance bond or other security acceptable to the Chief Administrative Officer made in favour of the City in an amount equal to 12.5% of the actual costs of constructing the public Streets and installing the public water, and sanitary and storm sewer systems. This bond is to be posted for up to one (1) year from the date of a “Certificate of Provisional Acceptance” and then a further bond of 6.25% of the actual cost of construction shall be posted for an additional year after “Final Acceptance” to allow for two (2) years of Maintenance bonds.

46.10.5 The Owner shall convey to, and at no cost to, the City the public Streets, any Easements, water, sanitary and storm sewer systems, and Parkland which shall be free of encumbrances or Cash-in-lieu of said Parkland.

46.10.6 Following completion of the public Streets, water, sanitary and storm sewer systems and any other requirements in the Subdivision agreement, a “Certificate of Provisional Acceptance” shall be issued to the Owner by the City’s Director of Public Services or the Development Officer.

46.10.7 Following acceptance of the public Streets and all associated work, including final asphalt coat (C mix), water, sanitary and storm sewer systems, the City shall provide a “Certificate of Final Acceptance” to the Owner. The Maintenance bond shall remain in place for a period of up to two (2) years regardless if a “Certificate of Final Acceptance” is issued by the City.

46.11 EXEMPTIONS TO SUBDIVISION REQUIREMENTS

46.11.1 The Development Officer may approve an undersized Lot if an Existing undersized Lot is consolidated with another parcel in order to bring the new consolidated Lot closer to the minimum requirements of this by-law, provided that the remaining parcel or parcels meet the Lot requirements of this by-law or were lawfully existing at the effective date of this by-law.

46.11.2 Where a Lot or parcel of land contains more than one main Building lawfully Existing at the effective date of this by-law the Development Officer may approve a Plan of Subdivision for the Lot or parcel of land showing a Lot designed for each of the main Buildings provided that each Lot has a Frontage of not less than 6 m and is served by Municipal Services.

46.11.3 Notwithstanding the Lot Area and Frontage requirements of this by-law, where a Development component of a permanent nature such as a Structure, well, or septic tank is encroaching in or upon an immediately adjacent area of land, the Development Officer may approve a Plan of Subdivision to the extent necessary and practical to remove the encroachment.

46.11.4 Notwithstanding section 45.14.1 there may be a unique circumstance whereby the Manager of Water & Sewer Utility is prepared to grant an unserved development. In this circumstance, the owner of said property must meet all requirements of the Province Wide Minimum Development Standards Regulations set out in the Planning Act R.S.P.E.I 1988, Cap. E-9.

46.12 LOT SIZE

46.12.1 No Lot shall be reduced in area, either by conveyance or alienation of any portion thereof, or otherwise, so that any Building or Structure on such Lot shall have a Lot Coverage that exceeds, or a Front Yard, Rear Yard, Side Yard, Lot Frontage, or Lot Area that is less than that required by this by-law for the Zone in which such Lot is located.

- a. If Council approves the construction of a Semi-Detached Dwelling or Townhouse Dwelling on an undersized lot through a lot area or frontage variance, each Semi-Detached Dwelling unit or Townhouse Dwelling Unit can be further subdivided subject to the requirements in Section 4.14.

46.12.2 Council may approve, by recommendation of Planning Board, the Subdivision of a single infill lot that is undersized in Lot Area and/or Lot Frontage, and that meets the average lot size of the existing developed lots on the street within the same Zone. Such infill lots are to be used for Single-detached Dwellings only, or for 2-unit Dwellings where permitted in the Zone and where the lot has the minimum requirement for Lot Area for that use.

46.12.3 Consideration will be given to permitting a Flag lot through a frontage variance application in those circumstances where an existing legal lot was created with less than 25 ft of Frontage or in circumstances where a parcel is landlocked and there will never be the ability for the extension of a future street road network to provide the required street frontage from the rear of the property. In the case of a landlocked parcel, Council may approve, by recommendation of the Planning Board a flag lot provided:

- a. The flag lot has 25 ft of Frontage on a public street;
- b. The main body of the lot (flag portion) meets the lot area and frontage requirements of the zone;
- c. Only one flag lot will be permitted per parent parcel; and
- d. No portion of the access strip (pole) portion of the lot shall be included in computing the required lot area for the flag portion.

46.13 MUNICIPAL SERVICES

46.13.1 Where Municipal Services are available no Subdivision approval shall be issued except where the Subdivision is provided with such services.

46.13.2 Municipal Services shall be required for any new Subdivision containing more than one (1) Lot with the following exceptions:

- a. In an area where there are no Municipal Services, one (1) Lot from an original parcel Existing on the effective date of this by-law, may be subdivided for Development with on-site services that meet Standards set out by the Province;

- b. Any Applicant proposing to create more than one (1) Lot where no Municipal Services are available in an area, may receive Subdivision approval from the City subject to the installation of a private sewer and water system:
- c. The Applicant shall install the said private sewer and water system to City Standards in such a manner that allows the City, at such time as it makes Municipal Services available to the area, to provide a connection to the system; and
- d. The Applicant shall install the said private sewer and water system to services all Lots in the Subdivision and to meet such Standards as are required by Section 13 of the *Environmental Protection Act* R.S.P.E.I. 1988, Cap. E-9.
- e. Any Applicant who receives approval from the City to install a private sewer and water system shall enter into a Subdivision agreement with the City and shall provide security for the rehabilitation of a sewage treatment facility, well or any other appurtenance that may become surplus at such time that the system is connected to the Municipal Services.

46.13.3 A private sewer and water system shall be turned over to the City after a one-year Maintenance by the applicant and provided it meets the standard specified by the City, the City shall accept this system and operate it;

46.13.4 At such time as the City provides Municipal Services to the Subdivision, a private sewer and water system shall be connected to the Municipal Services.

APPENDIX A. DEFINITIONS

In this by-law, and in accordance with the *Interpretation Act*, R.S.P.E.I. 1988 c. I-8:

These plants have been identified by the PEI Invasive Species Council as invasive and shall not be planted on properties within the City of Charlottetown:

Non-Permitted Invasive Species List:

Norway maple, *Acer platanoides*

Manitoba maple, *Acer negundo*

Sycamore maple, *Acer pseudoplatanus*

Scots (Scotch) pine, *Pinus sylvestris*

Silver (White) poplar, *Populus alba*

European mountain ash, *Sorbus aucuparia*

Sycamore maple, *Acer pseudoplatanus*

White fringe tree, *Chionanthus virginicus*, is also a host to emerald ash borer (EAB). Avoid planting to help

combat EAB.

Glossy buckthorn, *Frangula alnus*, *Rhamnus frangula*

Common buckthorn, *Rhamnus cathartica*

Blackthorn, *Prunus spinosa*

Scotch broom, *Cytisus scoparius*, *Sarothamnus scoparius*

Salt cedar (Tamarisk), *Tamarix spp.*

Oriental bittersweet, *Celastrus orbiculatus*

Virginia creeper, *Parthenocissus quinquefolia*, *Parthenocissus vitacea*

Multiflora rose, *Rosa multiflora*

Species of Note

Ribes spp. (currants and gooseberries) can be the secondary host for white pine blister rust which is a devastating disease for white pine trees.

Berberis spp. (barberry) can be an alternate host for stem rust of wheat.

American elms, *Ulmus americana*, are susceptible to Dutch elm disease (DED). Cultivars and hybrids have been developed that are resistant to DED and are good alternatives to native elm trees. All true ash trees are susceptible to emerald ash borer (EAB). There are two ash species native to Prince Edward Island – white ash, *Fraxinus americana* and black ash, *Fraxinus nigra*. Choose alternate species to plant. If planting native ash trees, also plant a variety of other species to increase biodiversity.

The following information is provided for reference only. The Watercourse and Wetland Environmental Buffer is regulated under the provincial *Environmental Protection Act* R.S.P.E.I. 1988, Cap. E-9, *Watercourse and Wetland Protection Regulations* and is subject to change accordingly.

Environmental Protection Act Cap. E-9 7
Watercourse and Wetland Protection Regulations

PART III – BUFFER ZONES

3. (1) Where a watercourse is solely a landlocked pond
 - (a) the prohibition in subsection (3) does not apply to cultivating an agricultural crop; and
 - (b) the prohibitions in clauses (4)(d), (f), (g), and (h) do not apply.
- (2) Where a wetland is solely a landlocked pond or solely or a combination of seasonally flooded flats, a shrub swamp, a wooded swamp, a bog or a meadow
 - (a) the prohibition in subsection (3) does not apply to cultivating an agricultural crop; and
 - (b) the prohibitions in clauses (4)(d), (f), (g), and (h) do not apply.
- (3) No person shall, without a license or a Buffer Zone Activity Permit, and other than in accordance with the conditions thereof, alter or disturb the ground or soil within 15 metres of a watercourse boundary or a wetland boundary, or cause or permit the alteration or disturbance of the ground or soil, therein, in any manner.
- (4) No person shall, without a license or a Buffer Zone Activity Permit, and other than in accordance with the conditions thereof, engage in or cause or permit the engaging in any of the following activities within 15 metres of a watercourse boundary or a wetland boundary:
 - (a) drain, pump, dredge, excavate, or remove soil, water, mud, sand, gravel, stones, rocks, or aggregate;
 - (b) dump or infill, or deposit soil, water, mud, sand, gravel, stones, rubbish, litter, rocks, aggregate or material or objects of any kind;
 - (c) construct or place, repair or replace, demolish or remove, buildings or structures or obstructions of any kind, including but not limited to bridges, culverts, breakwaters, dams, wharves, docks, slipways, decks, or flood or erosion protection works;
 - (d) operate heavy equipment or a motor vehicle, other than
 - (i) upon a highway,
 - (ii) upon a private road, right-of-way, or driveway which was approved prior to the enactment of these regulations by the provincial government or a municipal government in a building permit or a subdivision plan, or
 - (iii) for the conduct of activities directly related to the legal harvesting of a fishery resource, the legal removal of beach material, or the cultivating of an agricultural crop;
 - (e) disturb, remove, alter, disrupt or destroy the ground in any manner;
 - (f) cut down live trees or live shrubs;
 - (g) cultivate an agricultural crop;
 - (h) spray or apply pesticides in any manner.
- (5) The land within 15 metres of a watercourse boundary or a wetland boundary referred to in subsections (3) and (4) shall be known as a buffer zone.
- (6) For the avoidance of doubt, clause (4)(f) does not prohibit the pruning of trees or shrubs in a buffer zone, provided it is undertaken without engaging in any of the other activities prohibited by subsections (3) and (4).
- (7) The planting of grass, trees or shrubs is exempted from the prohibitions in subsection (3) and clause (4)(e), provided it is undertaken without engaging in any of the other activities prohibited by subsections (3) and (4), and provided that only hand tools are used.
- (8) The use of a ride-on lawn mower to cut grass in a buffer zone is exempted from the prohibition in clause (4)(d). (EC720/08)
