To all Petroleum Licensees

Re: Petroleum Retailers and Wholesalers

Dear Participants,

In Order PC23-07, the Commission indicated that it would consider undertaking another review of petroleum margins every two years with the next review anticipated in 2025. Consistent with that direction, the Commission is proceeding with a Petroleum Margin Review.

To assist in this work, the Commission has retained Jason Parent, Signal Energy Consulting, as an independent expert. Mr. Parent will be contacting petroleum retailers and wholesalers directly to gather information and input necessary for the review. We ask that you provide your full cooperation and respond to any requests in a timely manner to ensure the process is completed efficiently.

The Commission will provide further updates to participants as the review progresses. If you have any immediate questions, please contact Commission staff at petroleuminquiries@irac.pe.ca or 902-892-3501.

The Commission thanks you in advance for your participation.

Sincerely,

Cheryl Bradley
