Dear Ms. Crockett:

RE: Docket UE20745 – Response to MECL's Extension Request

The Commission acknowledges receipt of Maritime Electric Company, Limited's letter dated September 18, 2026, requesting an extension of the deadline to respond to the Commission's information requests from September 25, 2026 to November 18, 2026.

Maritime Electric has advised that additional time is required due to other regulatory priorities and resource constraints, and that the requested extension will allow the Company sufficient time to provide fulsome responses to the Commission's information requests. The Company has also advised that it intends to file its first and second quarter project reports by September 25, 2026, with the third quarter report to be filed in conjunction with its responses to the information requests.

The Commission has considered the request and the circumstances outlined therein and finds the request reasonable. Accordingly, the Commission approves the requested extension. Maritime Electric's responses shall be filed with the Commission and served on all parties no later than Wednesday, November 18, 2026.

Yours truly,
