In accordance with: The Petroleum Products Act (1900 c. 43)
RE: PMC25-01 Commission Petroleum Pricing and Margin Review

To: Prince Edward Island Regulatory & Appeals Commission

VIA Email: petroleuminquiries@irac.pe.ca

The Canadian Fuels Association wishes to actively participate in the above noted matter and makes this intervener request in accordance with the Commission's Rules of Hearing Practice and Procedure.

The Canadian Fuels Association (CFA)¹ represents producers, distributors, and marketers of Canada's transportation fuels, including gasoline, diesel, ethanol, bio-based diesel, jet fuel, specialty fuels, and lubricants. CFA members account for virtually all petroleum products and nearly 80% of biofuels produced in Canada, operating 16 refineries and 13 facilities that produce biofuels from coast to coast.

CFA has an interest in this matter on behalf of our members who supply petroleum product in Prince Edward Island, and potential impacts on those members by the Commission's decision under the Petroleum Pricing Act.

CFA request that we be granted status as an Added Party Intervener, with an opportunity to participate fully in the proceeding as established by the Commission. The nature and scope of CFA's participation has yet to be determined. CFA does not anticipate showing facts in evidence at the proceeding and does not believe that our intervention will add cost and complexity to the proceeding.

CFA's representatives are:
