**Subject:** DP Murphy market overview and analysis

Hello Nicole

We are writing today to request an extension to give us more time to review the market overview and analysis that was submitted by DP Murphy Inc. We don't feel that 60 days was long enough to go through all the information and reports. We have contacted Kilibrate to request the reports that are referenced in the market overview and Analysis but have not got a response yet.

DP Murphy applied for the petroleum license on June 24/2023 so they had almost a full year to work on this report.

Please consider an extension.

Thank you

Chad Howatt
