September 25, 2024

Island Regulatory & Appeals Commission
PO Box 577
Charlottetown PE C1A 7L1

Dear Commissioners:

In Order UE22-04, paragraph 2, the Commission ordered the Company to file the next Open Access Transmission Tariff ("OATT" or "tariff") update on or before October 1, 2024. The Company is hereby requesting a 30-day extension on the October 1, 2024 for the reasons set out herein.

A key input to the application is the 2023 Cost Allocation Study ("CAS" or "study"). The Company's expert engaged to complete the study just finalized the CAS earlier this week. While the Company has been working on the OATT application congruently with finalizing the study, the Company respectfully requests an extension to October 31, 2024 to allow sufficient time for review to ensure the proposed updates to the tariff accurately reflect the changes in costs to supply the services offered through the OATT.

If you require further information, please do not hesitate to contact me at 902-629-3641.

Yours truly,

MARITIME ELECTRIC
