IR-18 Please provide the names, addresses, and monthly consumption level (in kWh) for each of MECL's customers in the Residential rate class who consumed more than 5,000 kWh per month in 2021. This includes both farm and non-farm customers within the Residential rate class. The Commission asks that the information be broken down by month, and that farms (as classified in the 2017 Cost Allocation Study) and net metering customers be clearly identified by MECL.

Response:

The Company provided the requested customer information in an electronic format labelled IR-18 – CONFIDENTIAL - Attachment 1.

At the Commission's request, we provide the following summary information to this response for public dissemination.
