Dear Commissioners:

On January 8, 2026, the Company received interrogatories ("IRs") from the Prince Edward Island Energy Corporation regarding the On-Island Capacity for Security of Supply Supplemental Capital Budget Request (Docket UE20742). The Company was further directed by the Commission to provide responses by 4:00 p.m. today, January 23, 2026.

While every effort has been made to file the response by the deadline, planning for the impending cold weather impacts on energy supply this coming weekend in addition to existing year end reporting and planning for Board of Director meetings in early February have stretched our resources this week and we are not able to provide the responses today as requested.

The Company respectfully requests an extension to Wednesday, January 28, 2026, to file the responses. This extension will allow sufficient time for a thorough review to ensure the responses are comprehensive and adequately address the intended subject matter. Every effort will be made to file the responses in advance of the extension if at all possible.

If you require further information, please do not hesitate to contact me at 902-629-3641.

Yours truly,

MARITIME ELECTRIC
