[SCBR - Advanced Metering for Sustainable Electrification Project filed November 25, 2022.pdf](#)

---

Hi Mr. Cusack,

Attached is a copy of our application which discusses the justification of both the replacement of the Company's customer information/billing system ("CIS") and the installation of smart meters.

Further information is also available on the IRAC website: <https://irac.pe.ca/electric/ue20737-subsequent-capital-budget-request-advance-metering-for-sustainable-electrification-project-november-25-2022/>

In particular, the Company's response to Commission interrogatory ("IR") #9 provides information on how the project will benefit customers. Here is a link to that response: <https://irac.pe.ca/wp-content/uploads/Exhibit-M-2-a-Interrogatories-from-Commission-Staff-to-MECL-re-CIS-AMI-filed-July-21-2023.pdf>

After reading the attached application and response to IR #9, if you have additional questions you have until October 11, 2023 to submit them to me.

Regards,  
Michelle
