Subject: No to the diesel generators
Date: Saturday, August 1, 2026 10:51:17 AM

Hi there,

I am a resident of Charlottetown and I think it would be woefully shortsighted and irresponsible to approve the proposed diesel generator project. The best thing we can do is to protect this island, the land, air, and our neighbours. This project would cause active harm to all of the above.

Please, dont do this,
Noah Reid,
