Dear Parties:

RE: Docket No. LA23005 Karen Cudmore v. City of Charlottetown
Docket No. LA23006 Vaughan Davies v. City of Charlottetown
Docket No. LA23007 William & Olive Sargeant v. City of Charlottetown

In March 2023, the Island Regulatory and Appeals Commission received Notices of Appeal from the above-named Appellants with respect to the February 23, 2023, decision of the City of Charlottetown to approve a permit to renovate 33 Belmont Street to accommodate an Overdose Prevention Site in regards to PID# 364950.

In September 2023, Counsel for the Developer advised the Commission that the Government of Prince Edward Island was exploring other locations for development of an overdose prevention site. Since that time, the Commission has held these appeals in abeyance.

After requesting an update from the parties, the Commission agrees to continue hold these appeals in abeyance until May 1, 2025. At that time, the Commission will seek an update from the parties and determine whether a further abeyance is warranted.

Yours truly,

Philip J. Rafuse
Appeals Administrator
