Dear Ms. Francis:

RE: Order UE26-01 – Phase 2 Rate Design Update

The Commission acknowledges receipt of Maritime Electric Company, Limited's letter dated August 24, 2026, requesting an extension of the September 1, 2026 deadline established in paragraph 8 of Order UE26-02 to file an update with respect to Phase II of the Rate Design proceeding.

Maritime Electric advised that preparation for the public hearing respecting its On-Island Capacity for Security of Supply application, together with other regulatory priorities currently in progress, has stretched its resources and that it is unable to provide the update by September 1, 2026. Maritime Electric requested an extension to October 30, 2026.

The Commission grants Maritime Electric's request for an extension. To align the Phase II update with the October 29, 2026 deadline for Maritime Electric to file its comparative analysis of the 1CP and 3CP cost-allocation methods and draft Farm class, the Commission directs Maritime Electric to file the Phase II update required by paragraph 8 of Order UE26-01 on or before October 29, 2026.

Yours truly,

Cheryl Bradley, CPA
