

All our energy.
All the time.

August 24, 2026

Island Regulatory & Appeals Commission
PO Box 577
Charlottetown PE C1A 7L1

Dear Commissioners:

In Order UE26-01, paragraph 8, the Commission ordered Maritime Electric to file an update with respect to Phase 2 and a projected application date by September 1, 2026.

Planning for the public hearing on our supplemental capital budget request for On-Island Capacity for Security of Supply in addition to existing regulatory priorities in progress have stretched our resources in recent weeks and we are not able to provide the update by the date requested.

The Company respectfully requests an extension to Friday October 30, 2026, to file the update. This extension will allow sufficient time for thorough consideration of the optimal timing to file the Phase II Rate Design Plan.

If you require further information, please do not hesitate to contact me at 902-629-3701.

Yours truly,

MARITIME ELECTRIC
