**Subject:** Objection of application

Mr MacEwen,

I object to the application proposed by D.P Murphy Inc to build another gas station within the area of Borden-Carleton PE

As a resident of this area,.

I strongly feel our needs and the needs of the tourist industry are being meet with the existing 3 gas stations within the area, each location offers many options from gas, local food groceries/ and hardware also essentials that we as the community may need to purchase .

Howatts and Ceretti's are both well know family owned businesses that have always gone over and above to provide quality service and products to meet our needs as a community and those visiting PE

The owners of these local businesses have often opened during storms/ power outages to help those in need and have always been there to support their communities and local fundraising efforts.

I stand in support of our existing local businesses.

There is no reason for a 4th gas station within a community with less then 1000 residents.

Thank you

Amanda Platts
