Subject: Small businesses

This is a request for the protection of small business as opposed to the status quo.

Ceretti's Grocery & Hardware and Howatts Shell are both staples of the Borden-Carleton community.

To insert giants like Murphy or Irving is nothing short of lunacy and greed

You would be killing competition and inviting price increases at the worst possible time, which is why your considering it I know.

The global idea here is too eliminate small business to usher in a technocratic system of business.

Small businesses MUST not only survive but THRIVE.

Do NOT approve this build.

Thank you,
Kevin Hardy
