Subject: In opposition of D.P. Murphy Inc application for construction

Mr. MacEwen,

I am writing to oppose the construction of the D.P. Murphy Inc. application to build a petroleum outlet in Borden-Carleton.

I strongly believe the construction of this new petroleum outlet would jeopardize several businesses within the community of Borden-Carleton. There are currently 3 gas stations within the community, two of which also function as a convenience store, a location for groceries and provide other home needs. This is more than enough to support the community of Borden-Carleton and this fourth construction is clearly not needed, nor wanted. We have been lucky enough to have Howatt's Shell and Ceretti's grocery, two family-owned businesses, which have been a huge support over the years. And the support people are showing for them during this time just goes to show how appreciated they are.
