Subject: Letter of Opposition

Dear Mr MacEwan,

I object to the application submitted by D.P Murphy Inc. for the development of a fourth gas station in the town of Borden-Carleton. There are already three existing gas stations that have served the community for years. Another one is not needed and will surely cause others to close. These stores are much more than just stores or gas stations. The people that own them care about the community. They know the people who frequent them. I think that adding another gas station will have a very negative impact on the community and effect all of the people who are currently employed at the Shell or at Cerreti's. I for one will never support this new station if it is allowed to open.

Sincerely,

Michelle MacFarlane
