Subject: PD527 objection

I would like to voice my objection to PD 527. Borden has been subjected to numerous and unfortunate circumstances over the past 30 years. When the ferry service was discontinued and replaced with the confederation bridge, the majority of residents were without gainful employment. Many chose to move, while others were forced. Ceretti's grocery and hardware was able to provide service and care for those effected. Then the RCMP detachment was closed. Many businesses closed their doors, and were not replaced. Ceretti's and howatt's are institutions in a once struggling community, which thankfully has rebounded. Dp Murphy has lobbied in the past to purchase an apartment complex, evict the elderly residents, grossly inflate the monthly charge, and rent to his own employees. Essentially clawing back as much as he could from their paychecks. He was unsuccessful. He has attempted to rename the Simmons sports arena with his own name, much to the anger of all residents and the Simmons family. After much public outcry, he withdrew his name. He was unsuccessful. Do not allow this man to put more small, family owned businesses out of business simply for greed.
