Allison MacEwen

We are writing regarding the application by D.P. Murphy for a fuel license for a proposed service station in Borden-Carleton, PE.

We are a trucking company which is located across the street from the proposed location of the service station, convenience store and Tim Hortons. We do not think that Borden-Carleton is in need of a fourth service station. The service station which is adjacent to the proposed site is a long standing and well respected business in the area and would be negatively impacted by this new venture. The Ceretti family has served the area for several generations and this new venture by D.P. Murphy would add nothing to the community which does not currently exist. It would, however, negatively impact existing businesses. We do not support this type of unnecessary enterprise which would ultimately damage existing family owned and operated businesses.

Thank you for your consideration and if you require further information please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rob Brennan', followed by a horizontal line extending to the right.

Rob Brennan
