Subject: Borden gas station

To whom it may concern;
I'm composing this email to voice my concern and opposition to the proposal submitted by DP Murphy re: new gas station in Borden. The construction is in no way necessary, purely based on greed and will do absolutely nothing positive for our community. The local operators have done a tremendous job for generations and have endured a lot of adversity the last few years. They deserve some respect, not the uncertainty that this proposal brings. To imagine that Borden needs a 4th gas station is absurd. We need our vibrant community stores. Nothing more, nothing less. Please deliberate carefully.
Sincerely,
Andrew Chappell
