Subject: Letter of objection

This letter of objection is in support of rejecting the the application for D.P.Murphy to build a gas bar in Borden-Carleton, PEI next to an already thriving small business. In a small community such as Borden-Carleton there is no room for another gas station in the community. Current small business owners have already stated if this does get approved, it will most certainly result in the closure of their small businesses who have been able to keep there doors open during the pandemic through supporting the community and extending needs to help suit the community. They have also stated the concern of other small businesses in the small community. Not to mention the loss of community contributions the small businesses there currently which if the application is approved, those affected small businesses close. That community support is lost as well.

Concern citizen.
