Subject: Letter of objection: D.P Murphy's IRAC application to build gas station in Borden Carlton

Good day,

Kindly accept this email as my letter of objection regarding the application from D.P Murphy to build a gas station in Borden-Carlton.

If the application is approved, the Ceretti's and Howatt's be out of business. They have been a part of our community and they are a small business. Small businesses struggle daily to earn a profit, yet they provide a significant impact to the people in the neighbourhood, visitors and the rest of our island. We should not allow these large companies to step on these smaller folks and crush them.

I am asking that your board kindly out some humanity in making a decision and do not approve the application. The alternative to the Murphy group would be to build where there is no similar service within a 30 km radius.

Thank you kindly for your time.
