Subject: Gas station in Borden

Mr. MacEwen

I am writing to express my concern about the Murphy corp. petition to build a new gas station in Borden. This new station would certainly have an impact (negative) on the existing stations. Borden is a small community and certainly doesn't need another gas station.

I would hope that you understand that these existing stations do not have other businesses to help them through tough times. These owners have that one business to provide for their families.

I will certainly attend the town hall meeting about this development
