Subject: Re: Borden-Carleton/D.P. Murphey Inc.

Good Day,

I am writing this to voice my opposition to the submitted application by D.P. Murphey Inc. with IRAC for the construction of a new gas station.

As a resident of the community, there are already THREE gas stations within a short driving distance in either direction of our home.

With regard to Ceretti's Hardware and Grocery, this invaluable business has -and continues to serve our basic needs for food and hardware necessities. This family business is a local time-honoured treasure and a staple for our daily needs - seen and unforeseen - as well as supplying our essential fuel necessities. Another service station next door, would greatly infringe on Ceretti's revenue and place the community at risk of losing this wonderful local business.

We prefer to keep our community with one less gas station and support the three businesses already servicing the area, without the addition of one more fuel station added to the mix as it is unnecessary.

Thank you for your time and consideration on this very important matter.

Sincerely,  
Demi Pirpiris
