I am submitting a letter of objection to the above mentioned application by D.P. Murphy to build a new gas station at the corner of Dickie Rd and the Trans Canada Highway in Borden-Carleton.

Presently, there are three gas stations in the Borden-Carleton area that serve the public, Islanders and visitors alike, very well. Howatt's and Cerrettis stores are multi-generational businesses that support our local community who's owners live and work in their businesses. They go above and beyond to help out locals when times are financially tough. If DP Murphy is allowed to open up their proposed location, those cornerstones of our community will not survive. We don't need another mega business with deep pockets carving out another hole in small town PEI.
