**Subject:** Objection of another Irving in Borden Carleton

Dear Mr MacEwan

As a member of the Borden Carleton Community I would like to object of another gas station in Borden Carleton.

We already have two family businesses in this community. This new store might put one of these gas stations out of business. It could damage the businesses that these families worked so hard to build. These family businesses would do anything for their customers and workers and don't deserve to be driven out of business.

These stores have everything you need. There is nothing a customer would need that one of these stores doesn't have. These family businesses are dependable and always there for anything you need to buy.

Everyone in this town has opinions that deserve to be heard. Please listen to every letter and every person so you can understand what you might be doing to this community.

Please listen to us and take our words and opinions into careful consideration.

Thanks for reading my opinion,

I'm Ella McIver a Grade 7 student at Amherst Cove Consolidated
