Subject: Another gas outlet in boredon

I believe allowing another gas station to open up right beside Ceretti's is ridiculous and unnecessary. They have been a staple of boredom for years and provide top quality customer service and are a saviour to many people from a trip to Charlottetown or Summerside. These are really good people that love helping the community and have always helped out when they can. Another gas location right next door is going to put them out of business and I find that extremely unfair when they have been so faithfully serving the community or Boredon. Please strongly consider the repercussions of allowing this to happen!
