Subject: Objection to DP Murphy Application

I object to the DP Murphy Groups application to build a new petrol station in Borden Carleton. There are 3 stations within a 5km radius, 2 of which are family owned, small businesses and this puts them in jeopardy of having sales decrease and ultimately put them out of business. These two families have been Pilar's in that community for decades and have supported many fundraising efforts of the nearby schools and also local fire departments and community events. It does not make any logical sense to be building a new petrol station in this location other than for one man's financial greed, even when he already has a substantial platform in other industries. For the sake of this community, please reject this proposal put forth by the Murphys and let family owned, small businesses continue to serve this community.
