Subject: Another gas station in Borden Carleton?

Hello,

Is another gas station what is really needed in Borden Carleton?

Why would this even be allowed?

There are already 3 in the area, 2 of which have been institutions in the area for generations.

The Howatt's and the Cerettis have been part of this community for ages, helping out their neighbours.

I will be there when the public meeting happens to voice my displeasure with this ill thought out idea.

How about a medical Center? Or a museum honouring the area for the ferries and brave men of the ice boats?

See you at the meeting.
