Dear Ms. MacEwen:

The purpose of this email is to object to the application put forth by D.P. Murphy Inc, for a petroleum outlet and convenience store in Borden-Carleton. As a resident of North Carleton, I see no need for a fourth gas station in our small community. The current three stations meet our community needs as well as the tourists that stay and pass through Borden-Carleton.

Furthermore, it seems unethical to allow another gas station and convenience store to be built next door to one that has been family owned for three generations and has proudly served and employed members of their community. Ceretti's and Howatt's are wonderful, friendly family owned businesses that will continue to get our business regardless of the outcome of D.P Murphy's application, however i am not naive, in thinking that that alone will save their business if P.D. Murphy's application is approved and the big corporation wins again.

Regards.
