**Subject:** New Development Borden PEI

Good Morning A. MacEwen:

I am writing to you in opposition to the new development of gas, convenience and Tim Hortons proposed for the Borden PEI area.

There is no need for this development to take place.

We have three gas and convenience in the area if which two are local residents which depend on this for their livelihoods.

These businesses contribute to the neighbourhoods as they live in the neighborhoods.

Cerettias for example have great prices very close to big box stores. A lot of locals shop here. If we lose this store we will have to go to Summerside for groceries which will cost more all the way around.

The economy is in rough shape these days and by letting this happen will make it worse.

So please accept this letter which opposes the new development for the area.
