Subject: Letter of obstruction

Dear Mr. MacEwen .

I am writing this letter to please object the construction of DP Murphy retail In my community of Borden-Carleton . Chad Ceretti was 100% correct that the building of another gas station could possibly mean the end of his business, a grocery/hardware/ gas station. As a potato and beef cattle farmer myself, I rely on Chad Ceretti to have the basic needs to keep even my farm going without having to drive 30+ minutes to another hardware store . Which could be nuts and bolts . Shovels . Even duct tape. His store is a major part of my life and many other lives in our community. The building of another gas station could also lead to the potential of car accidents as the intersection of the Trans Canada Highway and Dickie road would experience more then usual traffic . Ceretti's grocery has been in the Ceretti family for many years . Losing that store would be devastating to the community of Borden-Carleton. This is a business we cannot lose.

Thank you for reading my email.
