Subject: Attention Allison MacEwen

Dear Mr MacEwen,

I am hereby formally opposing the DP Murphy Inc. application to build a petroleum outlet in Borden Carleton.

I was born and raised in Borden Carleton and am well aware of how much Cerettis Grocery and Hardware, and Howatts Tourist Mart have helped the residents of Borden-Carleton. They provide excellent goods and services to the residents and many tourists passing by. I see no reason why another service station in a community of this size would be required. The Esso in town while not locally owned has also been servicing its customers well for the past 25 years. None of these businesses can afford to have a 4th petroleum and convenience store vendor in a community of this size.

It seems like Mr Murphy thinks that this application is just a formality considering he has already prepared the land for this unapproved establishment.

I hope that IRAC does what is right for the community of Borden Carleton and rejects this application.

Kind Regards,

Mark Sexton
