**Subject:** Objection to Another Gas Station in Borden

Hello,

It has come to the attention of Islanders, that D.P Murphy Inc. has put an application in to IRAC to build a gas station in Borden-Carleton.

Borden is a small community that already has three gas stations. There is no room for another gas station in this community. I also feel if this does get approved, it will have a huge impact on locally operated stations like Howatt's and Cerettis that have been serving the community for years.

Another note worth mentioning is the entrance and exit of this development are both on Dickie road so the residents on Dickie Road will see a huge influx of traffic.

Please reconsider this and take into consideration the impact it will have on other local businesses and also to the residents of the community.

Thank you.
