Subject: Letter of objection Murphy Group

This is to object to Murphy Group obtaining licensing in Borden. There is nothing new to offer as gas, coffee and convenience items are currently offered within close proximity. Ceretti's has been there for residents of Borden, surrounding area and road traffic for several generations. It not only provides gas, groceries and the best meat products but hardware, propane, convenience store items, bus tickets, package shipping and employment to many locals. It is a social gathering area and hub for posting community minded social activities and the Ceretti family have sponsored many events over the years. During Fiona, they opened to allow supplies/gas/ water and coffee to those without power. Neighbours do things like this - big business does not!!

If Murphy's are permitted to operate next door then Ceretti's will not be able to continue and the greater population in the area will suffer. PEI is more than big business, it's the small family operator that has made us flourish and gained our Island reputation. Do not allow Murphy Group to push Ceretti's out of business.
