I'm oppose and hope you take into consideration how our neighbors, friends and family from PEI and sistering provinces are expressing that you should decline the application from DP Murphy please!!
This is a community that has built and battled many pros & cons and will continue in doing so. I'm appalled why D.P. Murphy wants to build within this area that already has 3 fueling stations while other neighbouring communities have had their service stations shut down and wish to see closer outlets within them.

Thank you so much for your time and I will hope for the best outcome ♥
