Subject: Gas Station application from Danny Murphy

Mr. MacEwen

I do not agree with having another gas station being operated in our community.

We have 2 long standing Gas Stations in our community Ceretti's Grocery and Howatt's Shell as well as an Esso. Cerettis and Howatts are 3rd generation gas stations that have served our community for many many years and served everyone well. Allowing another gas station will impact the stations in our area, which could very well force them to close. The summer months are busy, yes, but what happens in the off season when traffic slows down? I do not agree with allowing one business to open when chances of others will have to close because of it.
