**Subject:** Re: IRAC proposal for another gas station in Borden

We are summer residents in the area of Borden/Cape Traverse for 20 years now. We depend on and support both Ceretti's and Howatt's. We are in and out of both businesses several times a week for gas, groceries, hardware and more. We appreciate these two families and their generations of dedication to serving the people of this area. The service from each of these businesses is so often above and beyond - each family so willing to help their customers and their community. Another gas station is unnecessary and would seriously jeopardize the viability of both of these fine businesses.

This area does not need another gas station!!
