Subject: Borden Carleton gas station application.

Borden Carleton does not need another gas station. The current 3 stations in our town of approx 800 go above and beyond at serving our needs and the needs of travelers. All three stations support our community and give back without ever being asked. As a former councillor in the town I feel like it would not be in the best interest of the population here. Cerettis grocery and Howatts Shell are as local as it gets. In anyone's time of need, they are there. Another Tim Hortons is not needed. In ending, I appreciate the fact you took the time to read this and many other emails from residents of our little town. There are many more concerned folks who don't have the means of know how to give an opinion. In closing, we do not need another gas station. It will not serve the citizens of this town. We and the traveling tourist population are and have always had their needs met by the current stations.... Thank you...Steven Hunter...902 438 1675
