Subject: Formal objection to DP Murphy Inc.'s application to build a gas station in Borden PEI

Hello IRAC,

Please consider this email as my formal written objection to the recent application submitted to IRAC by DP Murphy Inc. to build a gas station in Borden PEI.

There are already enough gas stations in this community and this application is nothing more than a large corporation trying to get a piece of the pie.

The end result will be the closure of the existing gas stations, that have been there for the community in good times and bad. These existing companies do not deserve to have this corporation come in and undercut them, as that is what this corporation has done in the past and will do again.

Please please do not allow this corporation to enter this limited market and ruin good upstanding companies.

Sincerely yours,
Tammy Broderick
