

September 9th, 2024

Island Regulatory & Appeals Commission  
134 Kent Street  
Charlottetown pei

Attention: Michelle Walsh-Doucette

Regarding: Appeal # LA24008  
George L Crawford and Other Appellants V The City of Charlottetown

Our community submitted a notice of appeal to the Island Regulatory & Appeals Commission on April 15th, 2024. Since that time, we have spoken to the following Law Firms in an effort to obtain legal representation for our community in this matter:

Stuart McKelvey  
Campbell Lea  
McInnis Cooper  
Carr Stevenson McKay  
HR Atlantic  
Campbell Stewart  
Key Murray

Many of the above firms indicated they were not able to represent our community, because of conflicts. Key Murray were approached the first week of August. After a lengthy conflict search, Lynn Murray had one of her staff look at the appeal documents and the city record. A number of legal points and case histories were prepared. Ms. Murray explained that her firm did not have time in their schedule to work on this appeal.

During the July 3rd meeting at IRAC, the Commission lawyer advised the Appellants present, not to come to the September 11th appeal without an expert witness. Through no fault of our own, our Community has neither legal representation nor an expert witness. The Appellants will not attend the September 11th IRAC hearing without legal representation and witnesses.

George L Crawford  
for the Appellants and Our Community
