

No. UW21/07

Permit

Issued Pursuant to Section 5 of the *Water and Sewerage Act*

Applicant	Date Application Filed	Engineer
Kensington Water and Sewer Utility Department	Nov-05-2021	WSP/MacLean

Project Description

This project involves upgrades to Kensington's sewer treatment building, including the installation of a new SCADA system (Supervisory Control & Data Acquisition) to improve oversight of mechanical equipment and overall efficiency. Work on the building also includes a new roof, gutter, emergency ladder and an additional exit. WSP Project 211-01779, preliminary drawings S01-02 issued Oct-22-21 and E01 issued Nov-03-2021.

Cost Estimate	IRAC Approval	Environment Approval
\$165,000	Nov-17-2021	P2021-129

Conditions of Permit

1. Total sewer project costs, including inspection and engineering, to be funded in accordance with the application dated November 5, 2021.
2. Project to be awarded via public tendering (minimum of three bidders).
3. Easement(s) to be obtained where main(s) cross(es) private property (if applicable).
4. Certificate of inspection by design engineer, as-built plans and detailed final contract costs to be filed with the Commission, when completed.
5. This Permit expires if project not completed within twelve (12) months of the Permit issuance date.

This Permit, when signed below, authorizes the Applicant to proceed with the project described above subject to the conditions contained herein.

Issued at Charlottetown, November 17, 2021
