

No. UW26/05

File Copy

Permit

Issued Pursuant to Section 5 of the *Water and Sewerage Act*

Utility

Tignish Sewage Collection
and Water Distribution Corporation

Date Application Filed

May 1, 2026

Engineer

WSP Canada Inc.

Project Description

This project involves the replacement of sewer main and manholes at Tignish along Church Street. Specifically, the construction will involve the installation of approximately 162 meters of 200 mm PVC DR35 S/M, manholes, service lateral, misc. pipe, fittings, sediment control, reinstatement and engineering.

Cost Estimate

\$397,850.00

IRAC Approval

August 14, 2026

Environment Approval

Permit #: P2026-18

Conditions of Permit

1. Total water & sewer project costs, including inspection and engineering, to be funded in accordance with the application received May 1, 2026.
2. Project to be awarded via public tendering (minimum of three bidders).
3. Easement(s) to be obtained where main(s) cross(es) private property (if applicable).
4. Certificate of inspection by design engineer, as-built plans and detailed final contract costs to be filed with the Commission, when completed.

This Permit, when signed below, authorizes the Applicant to proceed with the project described above subject to the conditions contained herein. Any amendments to the scope of the project without prior approval by the Commission may result in the revocation of this approval.
